Boat stakeout nabs three Antioch residents

Three Antioch men have been arrested for theft after being nabbed during a Fox Lake Police Department stake out set after

a Crimestoppers tip.

Randal J. Shatley, 19, Scott A. Case, 18, and Demetrios J. Maravela, 17, were arrested early Saturday morning after Fox Lake police observed them taking items from boats at Fox Lake Harbor. Bond was set at \$20,000 each.

Police were watching several marinas

after getting the Crimestoppers tip, and the three arrived at Fox Lake Harbor by boat at about 1 a.m., according to Police Chief Joseph Semasko.

Police watched the men as they boarded 10 boats and removed loose items such as skis, jackets and flashlights. When the three brought tools out, police made the

arrests.

Semosko said the men were involved in thefts Friday night from two boats at Inland Harbor marina, and in the theft of a stern drive from a boat at an Antioch marina several weeks ago.

The boat the men used, owned by Case, was confiscated.

Miller returns to work

by GLORIA DAVIS

The Antioch Village Board welcomed Police Chief Chuck Miller back after a seven month sick leave of absence and Mayor Ray Toft went through the routine of appointing him chief of police at the last regular village board meeting.

The board also authorized Village Atty. Ken Clark to draw up an annexation ordinance for the 11-acre Zimmerman property just south of St. Stephen's Church.

After regretfully accepting the resignation of firefighter Robert Kennedy, the board hired Sam Lombardo to act as a school crossing guard at the Antioch Lower Grade School.

Because of constant vandalism at the Hiram Buttrick Sawmill Park, the board authorized the purchase of new signs for the park.

In the finance department, the board approved a motion to have Clerk Marilyn Sterbenz pay \$114,896 to Indiana Construction on the revamping of the sewer plant. The payment approval was made pending approval of the village engineer.

A touch of fall

Rusting milk can and weathered wagon wheel in farm yard provide restful scene and reminder that fall is on the way. Warm days and crisp nights make September and October in

Lake County the most delightful time of year. Would anyone argue? With temperatures moderating, foliage soon will be bursting into a rainbow of color to make poets out of everyone.—Photo by Lorry Backe

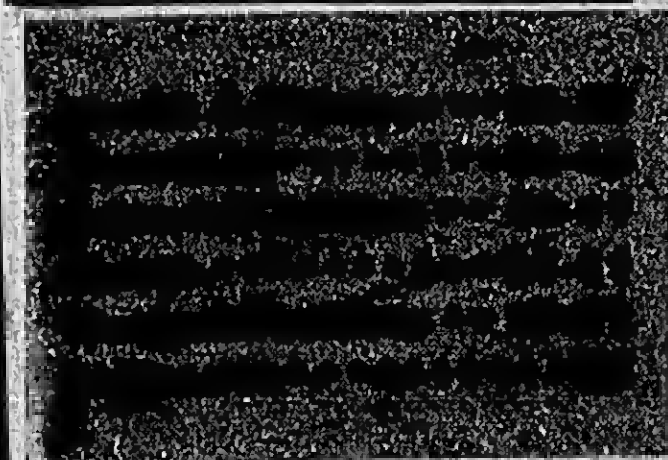

Notes/News

See Page 44

Another \$10,088 went to the Northfield Development Co., the village's share of the maintenance work done on Depot St.

In other business, the board passed a resolution allowing the Antioch High School Homecoming Parade to take place at 10 a.m. on Saturday, Oct. 22. Another resolution will allow the Cancer Bike-A-Thon, sponsored by the Antioch Jaycees and the Antioch Fire Dept., to take place at 10 a.m. this Sunday.

This week's index

Rizzo, Wojtkiewicz continue suit

by GLORIA DAVIS

The two parties involved in the lawsuit filed by private investigator Eric Rizzo against Sally Wojtkiewicz, Antioch, on harassment and slander charges, have gone through two court hearings.

Rizzo, who had the license of his investigation firm, Investigations International revoked last January on testimony of investigators of the Ill. Dept. of Regulation and Education, got that license back in July after a hearing in front of Judge R. Curry in a Cook County Court.

The judge found no evidence to substantiate the license revocation.

Rizzo claims that the testimony of those investigators was based solely on an interview with Wojtkiewicz. The private eye also claims that Wojtkiewicz was probably oblivious of the fact the "misinformation" given to those investigators was the cause of the license

revocation.

Rizzo was supposed to file a bill of particulars on his lawsuit against Wojtkiewicz in Lake County Court but waited and filed a motion for default of judgement against her because her lawyer had failed to file an appearance within 30 days of receiving notification of the lawsuit which is for \$15,000 in actual damages and \$100,000 in punitive damages.

Lake County Judge Raymond McKoski denied Rizzo's motion for default of judgement and now Rizzo must file a bill of particulars by Sept. 30 on his charges against Wojtkiewicz of malicious harassment and making false, defamatory and slanderous statements about himself in front of witnesses.

Rizzo also claims that her statements caused him to be a victim of burglaries and vandalism.

In returning his agency's license to him,

Judge Curry said that he had never in his 14 years on the bench seen such a travesty of justice (the license revocation). He then reprimanded the attorney and the investigators for the state for even holding a hearing with the evidence presented.

In the beginning of the situation, Wojtkiewicz's attorney, Michael Cummins, Waukegan, thought that the license revocation being referred to by Rizzo was a personal license revocation that had taken place in Chicago years before. Rizzo claims that this was politically motivated.

Lakeland Newspapers Lake County At A Glance

Recycler open

ROUND LAKE AREA---A recycling center to serve the community is opening this week at the Round Lake Area Park Dist. Program specialist Sue Smock said that residents can bring newsprint, polyurethane, and aluminum for recycling. While newsprint is acceptable, slick magazines are not. Polyurethane would include plastic bottles; milk, bleach, detergent, fabric softener, anti-freeze, motor oil, and chlorine. All bottles need to be drained and caps removed, and milk bottles need to be rinsed out. No food containers are acceptable.

Housing affordable

NORTH CHICAGO---North Chicago residents may be able to obtain by using advantages from the 1986 tax reform legislation. William T. Wallace of the Environment Seven firm of Chicago told aldermen of the firm's financing plan which brings affordable housing. Wallace said that under the tax reform act pushed by the Reagan administration in 1986, the Housing and Urban Development was removed from subsidized housing with the exception of funding housing for the elderly.

Chief back

ANTIOCH---The Antioch Village Board welcomed back Police Chief Charles Miller, right after the Labor Day holiday. He returned from a seven month sick leave absence. Mayor Ray Toft then went through the routine business of officially reappointing Miller to the chief's post. Miller had spent seven months being treated for a heart beat fluctuation in hospitals in Milwaukee and Waukegan.

Annexation for PUD

FOX LAKE---A 95-acre parcel of land on Rte. 12 near Rand Hill was annexed by the Village of Fox Lake and rezoned to facilitate a planned unit development. The property, which is commonly known as the "Old Catalano Property" is now known as Oaks of the Hollow. Commercial development that occurs will be allowed the use of setie systems and wells, unless it is within 300 feet of hookup to sewer and water, in which case they will have to hook up.

Park levy trimmed

LINDENHURST---Levy of the new Lindenhurst Park Dist. was cut 2.5 cents in at a Sunday-morning meeting for which notice was provided by posting in the village hall. Chairman Irene Williams said insufficient legal notice was not provided for the working cash fund part of the first-time 27.7 cent levy approved only four days before. Rather than schedule still another meeting, Williams said the park board decided to bow to the wishes of standing-room-only audiences to cut the levy to 25.2 cents and do without the working cash fund in the first year of operation.

School space tight

GRAYSLAKE---Faced with growing enrollment, Grayslake Consolidated School Dist. 46 may soon set up a committee to study district growth. The board of education received reports from three building principals at its September board meeting and they all expressed concern about space. According to Supt. Dave Duffy, there are 1,124 students in the new school district. Grayslake 46 merged with Avon Elementary School in July.

OK srike vote

GAGES LAKE---Woodland Dist. 50 teachers, by a 96-1 vote, have authorized their union to take a strike vote if no further progress is made in federally mediated talks with the school board. Woodland union president Kathy Clay said the union is seeking a seven to eight percent salary boost. Teachers are presently working without a contract.

Fire at church

LINDENHURST---Services will be held this Sunday in the new educational hall/fellowship center of the Trinity United Methodist Church of Lindenhurst instead of the sanctuary. The church was struck by lightning two Sunday's ago and the fire smoldered for four hours. The church pastor was almost overcome with smoke when she opened the church door at 7 a.m. There was extensive fire and smoke damage, which left all walls, floors, ceilings, furnishings and fixtures covered with soot and smoke. Services have been held the past two Sundays in a nearby grade school.

Village hall moves

ROUND LAKE---The new village hall is open for business. It houses the offices of the mayor, village clerk, building and zoning, and the superintendent of public works, with the maintenance building remaining at 400 Cedar Lake Rd. Village hall hours are Monday, Tuesday, Thursday, and Friday 8:30 a.m. to 4:30 p.m., and Wednesday and Saturday 8:30 a.m. to noon.

Residents get voice?

GURNEE---Gurnee residents who live on the northeast side of the village may be able to voice their support or rejection of a proposed special assessment of their area to obtain village water and sewer service. About 100 people attended a meeting at Warren Twp. High School to learn further cost details. A petition with 156 signatures of people opposed to having water and storm sewer installed has been circulated. "We're not trying to force anything on anyone," Gurnee Mayor Dick Welton said. Village officials are considering a way in which residents can express opinions through a non-binding postcard referendum.

Trauma aid cited

LIBERTYVILLE---Condell Memorial Hospital has strived to be one of the leaders in the area in providing emergency medical services, and with a few minor adjustments has been designated as a Level II Trauma Center, one of about 75 in the state to be so approved.

Schultz will close

LAKE ZURICH---Schultz Bros. Co., a fixture on the local business scene for more than 15 years, will liquidate starting Thursday, Sept. 29, and continue until Dec. 24. Fifty-one stores in Wisconsin, Illinois, Indiana and Iowa are being closed by the Lake Zurich-based chain. On Sept. 8 the board of directors of the firm voted to liquidate all retail operations due to continuing losses. Prospective purchasers are looking at the firm's variety stores and its more upscale discount family stores. The Lake Zurich closing will cost 130 jobs in the office and warehouse. Lake Zurich has been the headquarters for the firm since it moved from Chicago.

Grade schools talk

FOX LAKE---The Fox Lake and Lotus Grade School District school boards met together for the first time to discuss reorganizing the two districts into one. A representative of the state's Dept. of Education laid out some of the incentives the state provides for consolidation, and told board members that such a move between the districts look favorable.

Public confident

LINCOLNSHIRE---No one from the public attended the annual meeting for School Dist. 103 in Lincolnshire and Prairie View, but Supt. Oscar Bedrosian said this most likely is due to a feeling among residents that all is well in the district. He also said that the fact that the budget is increasing only 11.5 cents per \$100 of assessed valuation from the previous year might have kept people from seeing a need to comment.

Job not needed?

LAKE VILLA---Over objections of Mayor Joyce Frayer the village board is proceeding with the search for a village administrator. Several trustees say such a person is needed to run the village in their absence and supervise so they can administer. Frayer says there is no money for such a position and only 13 employees for possible supervision, including six police officers.

DOCTORS FORUM

DRUG SCREENING AND YOUR TEENAGER
by Dr. Mark Bowman

Heritage Medical Center, Antioch 395-0085

Dr. Mark Bowman & Assoc., Lindenhurst, 366-6131

North Point Medical/Dental Center, Zion 872-1615

Drunk driving is the leading cause of death among young people age 15 to 24. Close to 130,000 teenagers are injured each year in drunk driving accidents. By the seventh grade, more than 50 percent of adolescents have tried alcohol and by their senior year in high school, more than 90 percent have tried it.

These statistics also extend to other types of drug use. The average age of callers reporting use of crack to the cocaine hotline is 17. At least 24 million Americans, 12 years old and over, have used marijuana at least once, and at least 8.3 million are current users. The most rapid increase in drug abuse is among young people 8 to 14 years old.

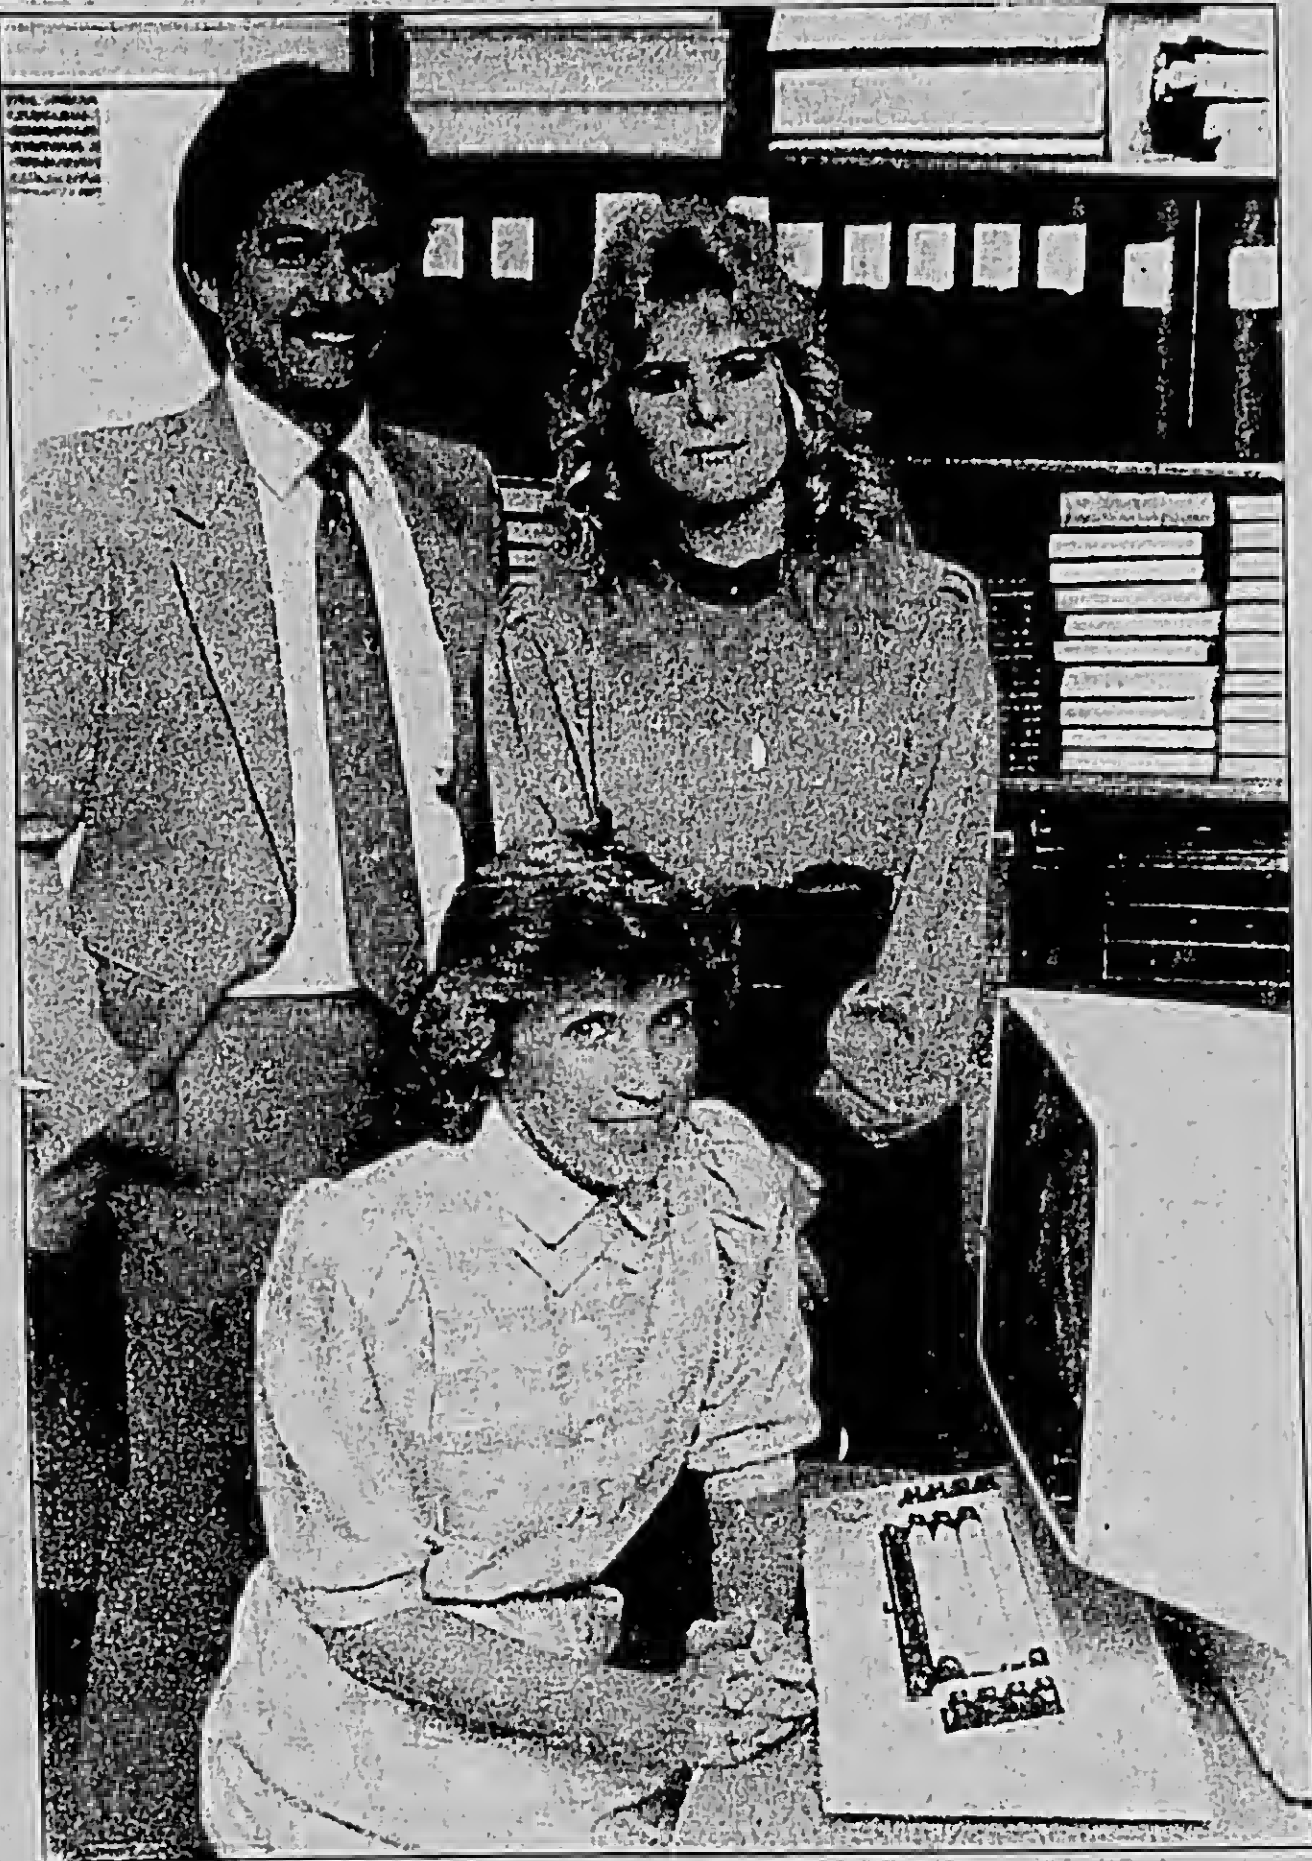

A group of concerned parents want to change these statistics. Although seminars and group sessions in school have played a major role in educating youths about street drugs and alcohol, the parents are taking safety one step further to ensure protection for their children.

The parents are suggesting that their children have a urine drug screening test after receiving their driver's license. The time of the test is at the parents' discretion. If the test is positive, the parents would ground their children for that month. The following month they would be retested for only that particular offending agent.

Many people ask, how long will drugs stay in the body? With a multitude of drugs being tested in a screen, there are variable time periods which range from two days to three weeks. Cocaine lasts two to four days, PCP lasts one week, and marijuana, probably the most common agent used by teenagers, lasts five to 20 days depending on how much they smoke.

Many parents have found this a useful way to keep their neighborhoods drug free. If you feel your son or daughter is using drugs and want to inquire about testing, please feel free to contact one of our Lake County offices.

The Doctor Forum is brought to you as a public service from the Heritage Medical Center, in Antioch, Illinois.

Award winners

The Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association of the United States and Canada has been awarded to the Lake County Forest Preserve District for its comprehensive annual financial reports. The accounting staff of the district, Ross Grube and Heidi Moseley, standing, and Peggy Hoger, seated, are pictured.

Still in court

ANTIOCH --- Private investigator Ernie Rizzo has been denied a default in judgement in his slander lawsuit against Antioch resident Sally Wojkiewicz and has been remanded by a Lake County Court to file a bill of particulars by Sept. 30. Rizzo claims that "misinformation" about himself given State of Ill. investigators was responsible for the loss of license by his investigating firm Investigations International. That license was returned last month in Cook County Court by Judge Curry who censured investigators for lack of evidence in revoking the license. Rizzo is suing Wojkiewicz for \$15,000 in actual and \$100,000 in punitive damages.

School compromise

LAKE VILLA---Residents living west of Pleviak School will get the promise they want from the board of education. Their homes will not be taken for a planned 12-room expansion of the grade school. In exchange, residents will drop their opposition to partial closing of a residential street so the school can use it for crossing to an expanded playground on what is now a bus storage area.

Pair of plans heard

MUNDELEIN---A gathering of Tullamore subdivision residents attended the latest meeting of the Mundelein Village Board, telling representatives of Cambridge Homes that an alternate plan for an adjacent subdivision, with a few adjustments, is much more favorable than the original proposal.

Ponder annexation

NORTH CHICAGO --- Concerns and questions regarding the annexation and development of property located at Rte. 43 and Rte. 137 were discussed at a meeting with the committee of the whole of the North Chicago City Council and developers. Two hearings have been scheduled for Monday, Sept. 19. The plans call for a light industrial park and hotel on the 20-acre parcel. The B1 portion will be developed by Arthur Rubloff Co. with the second portion expected to be a Hampton Inn hotel.

OK home project

LAKE ZURICH---Approval was given this week by the Plan Comm. to a development of 208 three- and four-bedroom homes costing \$200,000 to \$220,000 on Midlothian Rd. near the industrial park at the northern approach to Lake Zurich. Terrestis Development Co. of Oakbrook is said to add \$200,000 over and above all costs of serving the development by the village. Groundbreaking is scheduled shortly with 80 homes scheduled to be built starting this year and continuing until 1991.

Land hearings

LAKE COUNTY---Six public hearings will be held across Lake County on land-acquisition plans by the Lake County Forest Preserve Dist. as proposed by a private consultant. The hearings in each of the six County Board districts begin at 7 p.m. They are:

- *Tuesday, Sept. 20, Wauconda Junior High School, 215 Slocum Lake Rd.
- *Wednesday, Sept. 21, Libertyville High School, 708 W. Park Ave.
- *Thursday, Sept. 22, at a location to be announced in the Waukegan, North Chicago or Lake Bluff.
- *Monday, Sept. 26, Deerpath Junior High School, 155 W. Deerpath Ave., Lake Forest.
- *Tuesday, Sept. 27, Zion-Benton Twp. High School, 3901 21st St., Zion.
- *Wednesday, Sept. 28, Grant High School, 285 E. Grand Ave., Fox Lake.

Victory Memorial Hospital's All New

Famous Chef Cuisine Benefit

Victory Hospital's annual Famous Chef Cuisine Benefit now has a new location, and an exciting new format. In addition to an afternoon and evening of tasting fantastic food from more than 30 top restaurants--you'll enjoy live music and a very special silent auction. It all takes place at the Baxter Corporate Hangar, this year transformed into a spacious gourmet's paradise.

Your ticket guarantees many fun & food-filled hours and helps to benefit Victory Hospital's fight against Adolescent Chemical Dependency. (Your ticket purchase is a donation to the Victory Adolescent Chemical Dependency Unit).

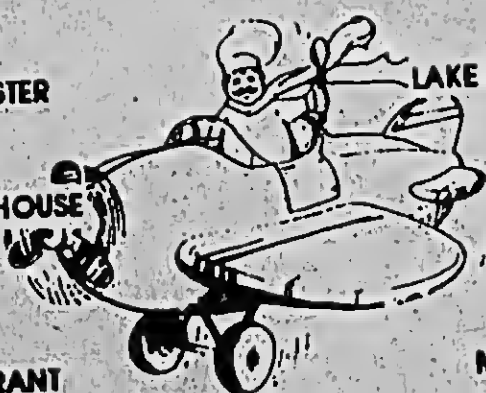

Join us on **Sunday, September 25-3** to 7 p.m., Baxter Corporate Hangar at the Waukegan Airport (Use the Baxter entrance Wadsworth Rd.)

The ultimate gourmet menu is provided by the following exceptional restaurants:

Tickets are just \$40.00 per person, and supply is limited. Please call today! 360-4319. Or stop by Victory Hospital weekdays, between 9 a.m. - 5 p.m. to make your purchase.

Gathering of Eagles

Gathering of Eagle Scouts and their Scoutmasters takes place as sixth member of Aschbacher family, Matt Aschbacher, becomes Eagle Scout at Antioch's Moose Lodge. From left are, Scoutmaster Richard Weston, Matt

Aschbacher, Phil and Greg Aschbacher, Assist. Scoutmaster Bernie Dost, John, Mark and Dave, Aschbacher.

Aschbacher family marking 6th Eagle Scout

Matthew A. Aschbacher, son of Tom and JoAnn Aschbacher of Antioch, received Scouting's highest award at an Eagle Court of Honor at Saint Peter's Social Center.

An Eagle Court of Honor is always a celebration for Antioch's BSA Troop 92, but this Court was especially significant because Matt is the sixth son and sixth Eagle Scout in his family.

He was preceded by brothers Dave in 1978, John in 1980, Greg and Phil in 1982, and Mark in 1987.

All six Eagle scouts were developed under the leadership of Bernie Dost, Troop 92's Scoutmaster from 1974 to 1987. Mark and Matt also advanced under the leadership of the troop's current Scoutmaster Richard Weston.

Matt is a junior at Antioch Community High School where he plays varsity football, served on the Student Council Executive Board, earned honor roll status, and played basketball.

He joined Cub Scouts in 1979, Webelos in 1981 and Boy Scout Troop 92 in 1982.

He earned 22 merit badges, nine skill awards and numerous special awards that include Order of the Arrow, Junior leadership training, and Klondike Derby event judging.

His high adventure trips include canoeing Minnesota's Boundary Waters Canoe Area and backpacking the Philmont National Scout Ranch in Cimarron, New Mexico. In Troop 92 he served as assistant patrol leader, patrol leader, assistant senior patrol leader, and senior patrol leader.

Each Eagle candidate is required to plan, organize and direct fellow scouts in a community service project. Aschbacher spent 55 hours directing the construction and placement of 15 wood duck nests along a nature trail behind the Antioch Upper Grade School.

Earlier Troop 92 Eagle Scouts had constructed a bridge over adjacent Sequoit Creek and repaired and extended the trail.

Father Lawrence Hanley, pastor of Saint Peter's led the invocation at the

Eagle Court of Honor. Master of Ceremonies and Troop 92 Treasurer Harold Clark introduced guests who included local dignitaries and members of the Aschbacher family.

Senior Patrol Leader Brian Paschke led the Presentation of Colors. Eleven Eagle Scouts, including Matt's five brothers, led the Calling of the Court.

Next, Assistant Scoutmaster Bernie Dost directed Junior Assistant Scoutmasters Stephen Goetzelman and David Weston in the Lighting the Eagle Trail ceremony.

Congratulation speakers included Loyal Order of the Moose Lodge 525 Junior Gov. Ralph Gussarson, Assistant Scoutmaster Robert Brown who supervised the Eagle project, and Matt's five brothers.

The guest speaker was his godfather Paul Alex, a teacher at Grafton High School in Grafton, Wis. Alex described the many facets of the new Eagle's accomplishments as characterizing a winner.

AUGS plans parents night

The annual Parents Back to School Night at Antioch Upper Grade School, will be held on Thursday, Sept. 22 at 7:30 p.m. Coffee and cookies will follow the class visitation. Parents are all cordially invited. Report to the child's homeroom for instruction.

This evening is designed to acquaint parents with the school programs, building, and staff. It is not designed as a personal conference time to discuss individual students. Conferences, however, may be arranged with any staff member by calling (312)395-1905.

Rotary plans BBQ, auction

The Antioch Rotary Club will be holding its annual Pork Chop BBQ and Auction at the VFW Hall on North Ave. on Saturday, Oct. 1. The auction will feature some unusual items such as a Fourth of July cruise on Lake Michigan to view the fireworks over the Chicago skyline and a mystery solving train ride between Chicago and Milwaukee.

900 visit Lakes Region's historical museum in '88

On Fourth of July, the Lakes Region Historical Society held an open house which was quite successful as was the museum's entry in the parade. The society has completed one entire year of operation and didn't miss a single Saturday. A rough estimate would be that 800 to 900 people have visited the museum this summer.

In July, the members installed protective

shades in the display room. Not only will they protect artifacts from harmful ultra-violet rays, but they are also quiet attractive. Money for them came from the memorial fund for Elaine Cannon. The people at the Gilded Cage provided prompt, helpful service and a generous discount.

In September, everyone will receive information about the fall prize give-a-way. This is a critical fund raiser. The

society needs to raise at least \$4,000 just to insure that it can stay open another year.

Carol and Roberta Knirsch are planning displays related to fall, such as canning and hunting. The museum will also have the usual Veteran's Day exhibit and a special J.F.K. commemoration. Knirsch is planning a very special Christmas display. Everyone can help.

On Tuesday, Sept. 27 Knirsch is running a workshop to make

Christmas decorations. The workshop will run from 10 a.m. to 7 p.m.

Special skills are not necessary, just a willingness to work two or three hours. The museum will supply coffee and conversation. Some supplies would be

appreciated: scrap materials, cloth, felt, trimmings, beads, yarn.

It will be fun. Put it on the calendar, Tuesday, Sept. 27.

Sometime this fall they will have a used book sale. Anyone having any books to donate, hardcover, paperback, adult's or children's can drop them off at the museum

any Saturday. Watch for an announcement of the sale.

Next meeting is Thursday, Sept. 22 at 7:30 p.m. Chuck Van Horn of the Antioch Coin Club will discuss coins of the U.S.

Special needs: Korean War material, WW II uniform, jelly making colander, and old Christmas cards.

ACHS 'Athlete of Week'

Scott Gooch, center, is awarded 'Athlete of Week' honor for scoring 17 points in ACHS football victory over Niles North. From left are Ed Watts, presenting \$100 check to go to scholarship fund in Gooch's name, as grid coach, Del Pechauer congratulates winner. + Photo by Gloria Davis

Weddings

VanderMeer-Gibson

Tammy VanderMeer and Jeff Gibson exchanged marriage vows on July 9 at Millburn Congregational Church. The Rev. Meltzer officiated the double ring ceremony.

Very Burtz served as maid of honor. Bridesmaids included Chris Schultz, Marge Valentine, Tracy Butler and junior bridesmaid Amber Wojcikiewicz.

Tom Higgins was the best man. Groomsmen were John Fritz, Jim Smith, Ron Tschilling, Tim and Tom VanderMeer and Marvin and Jon Gibson were the ushers.

A reception for the newly wed couple was held at Bristol Oaks Country Club. A honeymoon trip to Wisconsin Dells was planned.

The bride attended the National College of Education and is employed at Larsen's Florist.

The groom is employed at Meyer Masonry.

The couple plan to make their home in Antioch.

Mr. and Mrs. Jeff Gibson

Herbst-Phipps

Lara L. Herbst, the daughter of Mr. and Mrs. William Herbst of Antioch became the bride of G. Kelly Phipps, the son of Mr. and Mrs. Gene Phipps of Yuma, Ariz. The double ring ceremony took place on Aug. 6 at St. Stephen Lutheran Church in Antioch. Pastor Charles E. Miller officiated.

Kimberly Herbst was the maid of honor. Bridesmaids included Sue Baim, Dawn Brenneke and Val Schmeider.

David Karsch served as best man. Groomsmen were Brad Herbst, Kent Phipps, Mike Unsicker and Lee Pearce. Usher and soloist was Brian Herbold.

The bride graduated from Northern Missouri State University with a bachelor of science in special education and Northern Arizona University with a masters in special education. She is a teacher at Glendale Elementary School in Glendale, Ariz.

Mr. and Mrs. G. Kelly Phipps

The groom graduated from Grand Canyon College with a bachelor of science in physical education and Northern Arizona University with a masters in physical education. He is a teacher at Deer Valley Junior High in Phoenix, Ariz.

Devila-Filipowicz

Joanne Marie Devila, the daughter of Basil and Joanne Devila of Miramar, San Juan, Puerto Rico, became the bride of Michael Anthony Filipowicz, the son of Carl and Judy Filipowicz of Lake Villa. The ceremony and reception took place at the home of the bride's parents on Aug. 27.

Joanne M. Devila the mother of the bride served as matron of honor. Gerald Hawkins was the best man.

The bride attended Rhode Island School of Design BFA, Cooper Union School of Art/advanced studies. She is currently employed at Triangle Films Production House in Puerto Rico.

The groom is a 1985 graduate of Antioch Community High School. He is currently serving as Lance Corporal in the United States Marine Corp., Roosevelt Pk., Puerto Rico.

The newly wed couple plan to return to southern California in the near future where the groom will be stationed at Camp Pendleton.

Mr. and Mrs. Michael Filipowicz

West-Lawson

Roxan West, the daughter of Mr. and Mrs. Ernest West of Antioch became the bride of Matthew Lawson, the son of William Lawson of Inverness, and Mrs. Marty Hartshorn of Zionsville, Ind. on July 30. The double ring ceremony took place at Millburn Congregational Church. The Rev. Karen Redman officiated.

The maid of honor was Tracy West. Bridesmaids included Gail Costeppen, Patti Lavery, Kathy Sonntag, and Darla Vanderwall. The flower girl was Jessica West.

Lee West was the best man. Groomsmen were Ron Leino, Bill Barrett, and Mark Scheldrup. Kyle Schultz was the ring bearer.

A reception for the newly wed couple was held at Andres in Richmond. A honeymoon trip to the eastern United States and Canada was planned.

The bride is a graduate of Antioch Community High School. She is employed at Baxter Health Care in St. Louis, Mo.

Mr. and Mrs. Matthew Lawson

The groom is a graduate of Prospect High School in Mt. Prospect and Indiana University in Bloomington. He is a member of the Theta Chi fraternity. He is employed at Pepsi Cola in St. Louis.

The couple plans to make their home in St. Louis.

AUGS plans fall ed trip

The Antioch Upper Grade School staff is currently planning the 18th Annual Environmental Education field trip to Camp Timber

Lee in East Troy, Wis.

The intent of this field trip is to provide students with an intensive course of study in outdoor

education. The focus of study shall center on an appreciation of the balance of nature and related environmental activities.

The trip will begin Sunday, Sept. 25 and end Wednesday, Sept. 28. The cost of this trip for students room and board will be \$65 per student.

Emmons School teachers attend test institute

Emmons School teachers began the school year by participating in a teachers institute on achievement testing. Ed Coughlin of the Lake County Educational Service Center spoke to the teachers about the various uses of achievement tests, how to report to parents about test results and how to utilize test results to improve instruction.

Teachers surveyed their grade level achievement tests to see how and if the curriculum courses of study parallel what is tested.

A district goal at Emmons this year is to review and evaluate the district's achievement testing program. Coughlin will be meeting with the teachers throughout the year to help with this goal.

Cleaning up church fire

Cleaning smoke and odor from fire two weeks at the Lindenhurst Trinity United Methodist Church is pastor, the Rev. Erika Hundrieser, standing left, with church volunteers helping in background. A commercial cleaning company is cleaning the church sanctuary and educational center/fellowship hall. The pastor and volunteers clean books, toys, dishes and small items covered with smoke from the fire that smoldered for four hours.

Fire smell lingers for Sunday service

Members of the Lindenhurst Trinity United Methodist Church will have their first services at their own church on Sunday, Sept. 18, since a fire two weeks ago. But the smell and faint reminder of a near catastrophe will linger.

The church at 101 Beck Rd. was struck by lightning at about 3 a.m. during a severe electrical storm on Sunday, Sept. 4. Neighbors estimated the time from the sound of thunder that woke them.

When the pastor, the Rev. Erika Hundrieser arrived at 7 a.m. to open the church clouds of black, nauseous smoke filled her nostrils as the door was pulled back. "I couldn't see anything, the smoke was so dense," the pastor said. She immediately called the Lake Villa Twp. Fire Dept., which extinguished the smoldering embers.

The lightning strike caused a power surge, which shorted an electrical circuit

from a window fan to an overhead beam. The laminated beam in the church smoldered until some of the burned material dropped to a pew and floor below where a second fire started.

Heavy smoke coated the walls and ceiling in the church sanctuary and a new 6,000 square foot education wing/fellowship hall with kitchen that was to be used for the first time this month. A commercial cleaning company spent the past two weeks preparing the new wing for services this weekend. It will take several more weeks to clean the remainder of the church and rid it of the smoke odor. A volunteer crew has been busy since the fire washing all items in the church and church hall to remove the smoke and smell.

There is no estimate of damage, however, it will be extensive. "We were lucky the church didn't burn," the pastor said. "Fortunately

all of the windows were closed, otherwise we might have lost the church."

The 24-year-old church has 141 members. Services the past two Sundays were at Intermediate School in Lake Villa. The congregation will return home this Sunday for Sunday School at 9:30 a.m. and worship services at 11 a.m.

Teachers give okay to Farrell

The union representing most teachers in Lake County, the Lake County Federation of Teachers, Local 504, has endorsed Grant Farrell, Democratic candidate for state representative in the 62nd Dist. in the northern tier of Lake County. Farrell, of Antioch, is running against incumbent Rep. Robert Churchill (R-Lake Villa).

According to Robert A. Shaevel, federation president, the group's COPE

political action committee believes Farrell will be "responsive to the needs of teachers, students, parents and communities" in his support of quality public education in Illinois.

Farrell met with the local's executive board earlier this month to discuss educational issues.

"We have a mandate to fund education at a level of 50 percent, and we can barely meet half that amount," Farrell said.

"We're too busy funding the White Sox and promoting off-track betting with a \$75,000 contract for two months to the former Illinois state lottery commissioner."

"We should never short-change the needs of education," Farrell continued. "We must be more fiscally responsible, setting aside state revenues for education, which should be a top priority."

DOCTORS FORUM

DRUG SCREENING AND YOUR TEENAGER
by Dr. Mark Bowman

Heritage Medical Center, Antioch 395-0085
Dr. Mark Bowman & Assoc., Lindenhurst, 356-6131
North Point Medical/Dental Center, Zion 872-1615

Drunk driving is the leading cause of death among young people age 15 to 24. Close to 130,000 teenagers are injured each year in drunk driving accidents. By the seventh grade, more than 50 percent of adolescents have tried alcohol and by their senior year in high school, more than 90 percent have tried it.

These statistics also extend to other types of drug use. The average age of callers reporting use of crack to the cocaine hotline is 17. At least 24 million Americans, 12 years old and over, have used marijuana at least once, and at least 8.3 million are current users. The most rapid increase in drug abuse is among young people 8 to 14 years old.

A group of concerned parents want to change these statistics. Although seminars and group sessions in school have played a major role in educating youths about street drugs and alcohol, the parents are taking safety one step further to ensure protection for their children.

The parents are suggesting that their children have a urine drug screening test after receiving their driver's license. The time of the test is at the parents' discretion. If the test is positive, the parents would ground their children for that month. The following month they would be retested for only that particular offending agent.

Many people ask, how long will drugs stay in the body? With a multitude of drugs being tested in a screen, there are variable time periods which range from two days to three weeks. Cocaine lasts two to four days, PCP lasts one week, and marijuana, probably the most common agent used by teenagers, lasts five to 20 days depending on how much they smoke.

Many parents have found this a useful way to keep their neighborhoods drug free. If you feel your son or daughter is using drugs and want to inquire about testing, please feel free to contact one of our Lake County offices.

The Doctor Forum is brought to you as a public service from the Heritage Medical Center, in Antioch, Illinois.

BEST FOOT FORWARD

FROM THE OFFICE OF
DR. PAUL ABLER

HALLUX RIGIDUS

Hallux rigidus is a painful condition in which the flexibility of the big toe becomes limited. Young persons with this condition tend to be female and to have long, narrow feet with a flat arch. The pressure caused by this shape of foot is transmitted through the first metatarsal bone and big toe.

The teenaged patient usually has intermittent bouts of sudden pain at the base of the big toe, which are worsened by walking, especially in high-heeled shoes. In adulthood, pain and stiffness are continual, and patients may also have a painful and tender bunion as well.

Your podiatrist may recommend a special shoe, which will allow comfort during the acute bouts of the condition. During a flare-up, injections of hydrocortisone may help. Surgery is usually reserved for cases where the pain is continuous or where it is steadily worsening.

St. Matthew enrollment levels off

St. Matthew Lutheran School serving southwest Lake County has begun the 1988-89 term with 135 pupils in grades kindergarten through eighth, approximately the same enrollment for the past four years.

Average class size is 15 with the largest class this

term being 22, according to Philip J. Heisler, executive assistant.

Nov. 7 to 11 has been set for the annual seventh and eighth grade outdoor education week at Kingston, Ill., one of the high points of the year.

St. Matthew will be competing again in the

Northwest Suburban Lutheran Conference.

Tuition for the school located on Old McHenry Rd. near Midlothian Rd. ranges from \$87 per month for one kindergarten student to \$323 per month for three or more children in the elementary program.

'Splash' event to aid indoor pool

A "splashy" affair is being planned by the Wauconda Twp. Swimming Pool Foundation, it's the Silver Dollar Splash benefit extravaganza to be held on Friday, Sept. 23 at the Concorde Banquet Hall in Lake Zurich.

Only 125 "splash" tickets will be sold at \$100 apiece. This entitles a ticket holder to dinner for two, an evening of fun and a give-away.

Tickets are available only at the Wauconda National Bank.

All proceeds from this

event will go to the Wauconda Twp. Swimming Pool Foundation, a group dedicated to seeing that an indoor pool becomes a reality for Wauconda Twp. For further information call John Amrich at (312) 526-8605.

BARRINGTON

RT. 14 NORTHWEST HWY

Hwy. of future becomes hwy. of past

by COLIN L. McRAE

The existing centerline for Rte. 53 (FAP 432) highway extension through Lake County was established about 25 years ago. Undoubtedly, 25 years ago that centerline would have represented a "highway of the future". Today, after 25 years of change having taken place in central Lake County, that centerline now represents a "highway of the past".

Officials of the Illinois Dept. of Transportation and others will tell you that Rte. 53, in its present planned location, is needed to alleviate traffic problems. But if you look at a map, you can see that Illinois Rte. 83 and the proposed Rte. 53 run almost parallel from Buffalo Grove all the way up north to the south side of Grayslake.

IDOT officials tell us that the state does not have the money to widen Rte. 83 up to the south side of Mundelein, but they say that they do have the money to do the engineering for widening Rte. 53 up to the south end of Mundelein and for the actual construction up to a north terminus at Rte. 22 in Long Grove.

Does that make sense? The State of Illinois cannot afford to widen Rte. 83, but it can afford a minimum of \$250 to \$300 million to extend Rte. 53 through the heart of central Lake County.

There are a few other issues which are related to the consideration of Rte. 53. The State of Illinois is spending millions to encourage citizens to get out of their cars and into the trains. The State of Illinois has established mandatory auto emission testing in the

northeastern portion of the state and has spent many tax dollars to establish testing stations so that we can minimize the amount of pollution that is spewed into the air by automobiles. Then, in a totally contradictory move, the State of Illinois is pushing to spend a minimum of \$250 to \$300 million to lay a new concrete corridor through central Lake County. That new road will, of course, encourage many Lake County citizens

service on the Soo Line right-of-way would cost approximately \$50 million. An interesting question automatically comes to mind. If the State of Illinois cannot afford to widen Rte. 83, cannot afford to spend \$50 million to initiate a new rail service, how can it afford \$250 to \$300 million for a new highway?

Most Lake Countians, I believe, are not so called "anti-growth" or "pro-growth" minded. Most people realize

taxpayers of Illinois many, many extra tens of millions of dollars—if not more—because of the properties that will have to be purchased to build there.

Building yet another four, five or six lanes of concrete through central Lake County will induce citizens to get off of the trains back into their cars and add yet more pollution to the air. In so doing, hundreds of millions of our tax dollars will be spent in direct contradiction and competition to hundreds of millions of our tax dollars that have been and are being spent to encourage people to get on the trains and to clean up our air.

Central Lake County has enough impetus for economic growth without having a new concrete highway pushed through a lot of undeveloped (as well as developed) land. Doing so will also just serve to accelerate the impetus for development along the highway thereby aggravating already existing problems that are being worked on diligently by all levels of government in Lake County.

To prevent the wasteful expenditure of hundreds of millions of dollars of our tax money; to stop the introduction to central Lake County of a highway that will only produce unnatural and unnecessary pressures for development, to have the possibility and affordability of getting Rte. 83 improved as needed and the Soo Line Railroad transformed into a rail service; to protect the integrity of existing neighborhoods in several communities in central Lake County; to enhance the probability that there will be some funds available to address the many traffic problem areas which need work throughout Lake County, we must not allow a few bureaucrats, politicians and wealthy, influential special interests to push the extension of Rte. 53 on its existing centerline down our throats. If there was a \$250 to \$300 million pot of money for transportation work, should it be spent on one highway (Rte. 53 extension) or spread out throughout Lake County to address the many problem areas that exist, and thereby improve the flow of traffic through the entire county? The answer is painfully obvious.

Editor's note: Colin McRae is in his third term as mayor of Mundelein. This article was adapted from a letter to the governor.

IDOT inconsistent on Rte. 53

who now drive east and take a train to the city, to instead take the new concrete highway to the city. It will also weaken the state's ability to convince more citizens to leave their cars at home and use the trains. Instead, Lake Countians will be encouraged to use this new highway. The conflict is obvious.

It might be said that this highway is serving central Lake County and that there is no rail service in central Lake County going to the city. That is true. However, the "Wisconsin Central Task Force" is now a formal body which is working diligently to convert the old Soo Line Railroad right-of-way to passenger rail service. Rail stations are proposed for Prospect Heights, Mt. Prospect, Wheeling, Buffalo Grove, Vernon Hills and Mundelein.

Metra officials have indicated that their budget could not handle the capital needs of this project. It was projected that to initiate passenger rail

tht there will be some new development throughout the County as the years go by. Most of us, however, know full well that if a new major super highway is cut through the center of the county it will bring with it vast development pressures.

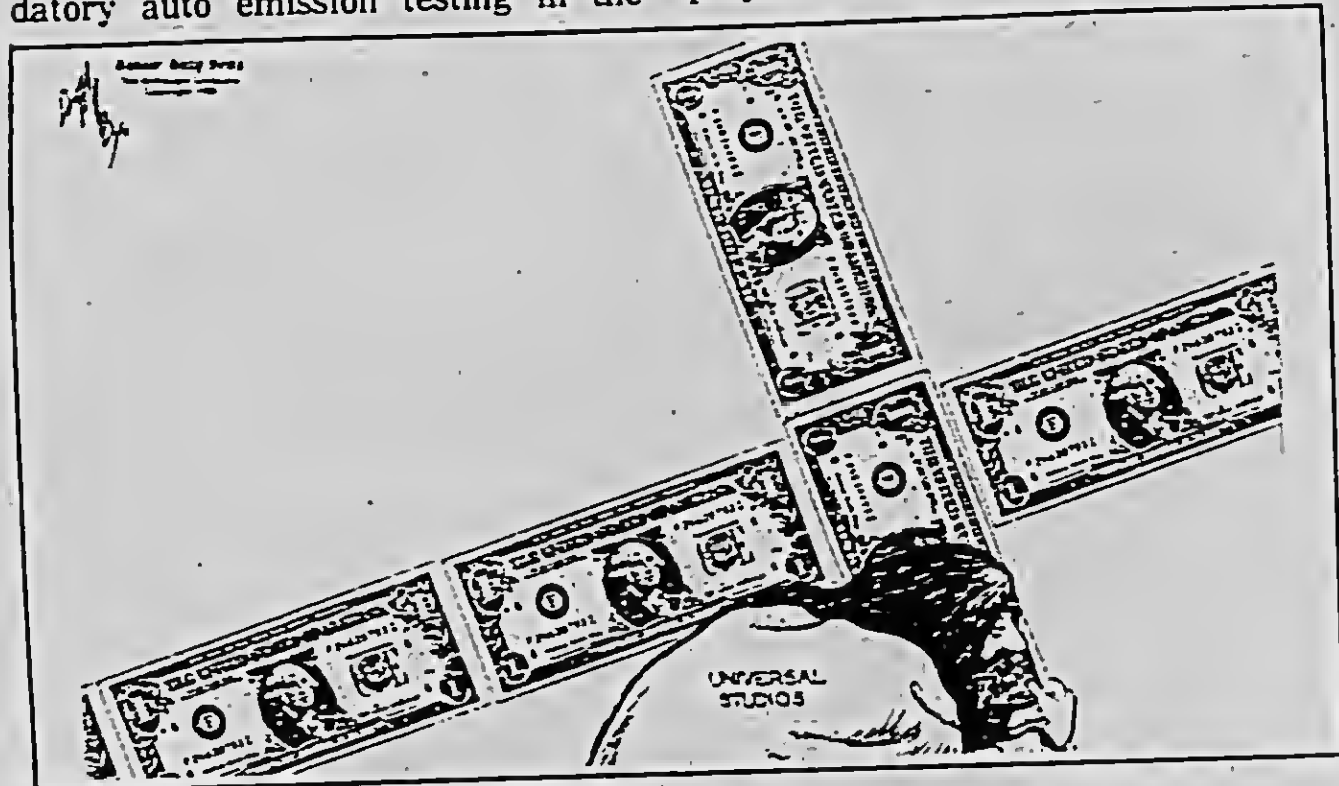

Some of the influential owners of large parcels of property along the existing route will be very happy for this to happen. One need only look at the ownership of some of the large tracts of land in the vicinity of the proposed route of this highway to see that there are some unique special interests also involved in the push for this highway.

The widening of Rte. 83 at least to a point northwest of Mundelein would contribute significantly to alleviating any existing traffic problems in the northwest/southeast flow of traffic in central Lake County. The establishment of the existing Soo Line right-of-way as a passenger rail service would take cars off the roads and alleviate existing and future traffic problems. But the State of Illinois (and the Ill. Dept. of Transportation) says that the money is not there to accomplish those goals. If the money cannot be spent on those two goals, how then can any IDOT official or state officials look the citizens of central Lake County in the eye with a straight face and say we can afford to build Rte. 53 at a cost of hundreds of millions of dollars. Lastly, the issue of Rte. 53 is really two issues—

Should the extension of Rte. 53 be built at all?

If the Rte. 53 extension should be built, should it be built on the existing centerline?

The first question is debatable. The second question, however, deserves a resounding answer of NO! Building on the existing centerline will cost the

Double-barreled bias

An interesting exercise in citizen participation in government has been launched by the Lake County Forest Preserve Dist. to ascertain areas that should be protected and/or acquired in a series of public meetings starting Sept. 20 at Wauconda and ending Sept. 28 at Fox Lake. In between, there will be meetings at Libertyville, Waukegan, Lake Forest and Zion.

The meetings are being conducted by the land acquisition committee to

provide input for a consulting firm. Open space zealots probably will see the series as an opportunity to advance their views. Without a doubt, developers and land speculators also will see the public sessions as a forum to air their point of view. Fair-minded citizens and neutral observers might have a difficult time separating the biases in this atmosphere, but if they can, the meetings should prove to provide an update on current thinking hereabouts.

Graham bashers

In no uncertain terms, Grayslake village officials have made it known that they don't need any help from outspoken "no growth" advocate Mike Graham or anyone else in dealing with problems associated with open space and growth. Grayslake officials have been smarting ever since the Forest Preserve commissioners beat them to the mark on acquisition of Picket Fence Farm, a 1,000-acre plus parcel ripe for development, and have been bristling since Graham told a citizens group to "vote 'em out."

Graham, Libertyville Twp. Supv. and Dist. 5 County Board representative, has never been known to recant or back away from an argument. He may have second thoughts, though, about attacking the Grayslake council.

In a blistering public statement, Grayslake board members accused Graham of squandering an estimated \$1 million on bond sales to finance open space acquisition. They charged Graham and County Board Rep. Norman Geary with an attempt to derail a plan to reduce cancer-causing radon levels in Wildwood. Graham has incurred a million dollar's worth of legal expense with little open space to show, the councilmen maintain. They pointed out that a huge increase in taxes for Libertyville residents is only paying interest on open space bonds. The big jump is yet to come. We can't wait to hear how Graham will handle these accusations.

So much for neighborliness. Get ready for the next episode of "Who Sez, You Sez!"

Viewpoint

Our heritage? DuPage North if Rte. 53 built

by BILL SCHROEDER

All of a sudden, Rte. 53, the "all blow and no show" highway into the heart of Lake County, is on the front burner again. And how!

As Mayor Colin McRae of Mundelein indicates in an article elsewhere on this page, powerful forces in high places are moving to insure that the northward extension of Rte. 53 beyond the Lake-Cook county line, becomes reality.

Rte. 53 has fascinated politicians, mid-county village officials, editorial writers, futurists and no-growth advocates for nearly a quarter of a century. A chance inquiry early in summer by McRae on the status of Rte. 53 led to his discovery that superhighway mysteriously has been revived.

McRae said a well placed source in the Illinois Dept. of Transportation a year ago told him that Rte. 53 was dead. Since then Lake County Transportation Chief Martin Buehler told this column that the Rte. 53 corridor was not being protected, no funds were available and

there was no engineering being done. Was IDOT lying or has there been an unexpected change of heart? Mayor McRae indicated that the answer to that question is open to conjecture.

A concerted effort on Mayor McRae's part to get a correct Rte. 53 update has resulted, he reported, in sidestepping in some quarters and no response in others.

McRae sees the construction of Rte. 53 as creating "two Mundeleins"—substantial positions of the village and the school districts divided by a concrete barrier. Rte. 53 will be taxpayer's boondoggle, he declares, besides being totally contrary to the state's policy of promoting mass transit.

Kiss goodbye to the rolling countryside and open space if Rte. 53 is constructed to a point south of Grayslake and the Round Lake area. The corridor along the projected highway will mushroom into a DuPage North or Son of Schaumburg.

Canada doctor plan not all that healthy

In the first two columns on national health insurance, also known as socialized medicine, there were hurdles to understanding programs of each country because of different plans and methods of carrying them out. There are similarities as well.

Canada, directly to the north of us, has its own national plan, which subsidizes but does not operate or fund medical care in each of the 10 provinces. This, by its complexity, thwarts comprehensive efforts in a short column like this. Omitting consideration of this friendly neighbor would leave hanging the question of why the United States doesn't handle medical care the Canadian way. So I sought the aid of an ex-Canadian doctor, who called Toronto for me. Three weeks later I received a packet in the mail.

The Ontario Health Insurance Plan was kind enough to send me 14 papers, pamphlets and brochures. Some were translated in French, Punjabi and Polish. Briefly, the program followed our country by starting Blue Shield-type plans, then gradually extending its coverage to everyone in full or part, even including nursing home care. It tried the same thing that our government calls "participation". In Ontario, it banned "extra billing". Both mean the doctor must accept as his fee what the government decrees. This precipitated a bitter doctor's strike in 1986 that lasted 25 days. The bill passed and the strike ended when the government wisely raised the insurance

payment by the amount equal to the extra billing. The Liberal Party later won a landslide victory for sponsoring this legislation.

The subject is best understood by considering several truths. First, by understanding that once medical care becomes a political consideration there are promises made to earn election. Canada's Liberal Party is comparable to our Democrats. In the United States, Massachusetts, one of the most persistently leftist states in medical care planning, passed what is known as "universal health legislation" strongly endorsed by Gov. Michael Dukakis. Second, one must understand the similarities of socialized medical plans.

Medical Musings

By Leo Tannenbaum, M.D.

The cost of medicine continues to rise, usually by phasing in changes over several years. Annual health care costs have increased to one-third of the Ontario budget! Waiting lists keep expanding for admissions to Canadian hospitals. This is similar, if not as flagrant, as in Great Britain. Care for nothing expands under increasing demands and costs. Ontario, like Russia and England, is looking for incentives to halt this, even part payment of a fee-for-service.

Cost control in Canada has taken stringent steps. In British Columbia there is rationing of the numbers physicians may bill. The number of medical students apparently now evidences limitation. Numbers of hospital beds have been shut down. There are long waiting lists for referrals to specialists.

Here are a few opinions I've picked up in my readings on this subject. The editor of the prestigious New England Medical Journal said Canada would look good if he were starting out because, with HMOs and other drawbacks here, the starting physician suffers most. I would interpret that to mean that he doesn't like what the United States is doing to doctors, but they hurt less as beginners in Canada. Catherine Dunkam, Gov. Dukakis' director of human resources, said the pro forces for universal health insurance looked with envy at the Canadian plan. Senator Ted Kennedy, also of Massachusetts, has a scaled-back version to be brought forward nationally. Typically, Massachusetts worked for a limited version of Canada's plan, while authorities from Ontario came to Boston to see what they could learn to help fix their system!

MUSINGS — Canada, like other countries with a public convinced that medical care can be had "for nothing", will never abandon such plans. In this country, Dr. David Bloomenthal, senior health advisor for Dukakis, states that poll results here show 70 to 80 percent favor national health insurance, or socialized medicine, but only 60 percent are willing to pay more taxes for it.

It must be election time. Releases, broadsides, photographs and more are being churned out by candidates of both parties. This week's column contains a little of everything from this grab bag.

Republicans are playing dirty fund-raising pool in this election, says Marc Farinella, 10th Dist. Democratic State Central committeeman. He specifically criticizes a letter sent by Republican Central Committee Chairman Robert Neal to all state employees in the county. Enclosed were 25 sequentially numbered \$5 tickets to the party's annual steer roast on Sept. 11 with instructions to buy or sell them and send "your check to me personally."

"Neal could have solicited any number of other occupational categories," Farinella said. "But he singled out state employees. He knows that, as county GOP chairman, he has some influence over the jobs of all those people who work for the Secretary of State and the many other departments under the governor's office. Even if he has no intention of using his influence, the recipients of these letters do not know that. Many will buy tickets because they feel their jobs or career paths may be jeopardized."

John Leonardi, challenger for the U.S. House seat in the 12th Dist., says he is putting incumbent Phillip Crane on the defensive by demanding they have at least three debates in the district. He suggests they be held at Harper College in Cook County, the College of Lake County and McHenry County College. For those who think this will happen, don't hold your breath.

CHURCHILL FUNDRAISER— State Rep. Robert Churchill (R-Lake Villa) of the 62nd Dist. will have a reception-fundraiser on Thursday, Sept. 22, at the Midland Country Club, 14565 Yorkhouse Rd., Wadsworth. For a donation of \$25 there will be a cash bar and hors d'oeuvres. For reservations call Churchill's office at (312) 395-2500.

SENIOR TALK. Congressman John Porter (R-Wilmotte) of the 10th Dist. will make three public appearances this weekend to discuss issues of importance to seniors. On Saturday, Sept. 17, he will be at the Wheeling Senior Center, 199 N. First St., Wheeling, from 9:30 to 11 a.m. and North Chicago High School, 1717 17th St., North Chicago from 1 to 2:30 p.m.; and Highland Park City Hall, 1701 St. John's St., on Sunday, Sept. 18, from 1 to 2:30 p.m.

Even Sheriff Clinton Grinnell is getting out some press releases. The latest one contains a "surprise announcement" that, for the first time, the Lake County Farm Bureau has endorsed a sheriff's candidate. Grinnell is a Fremont Twp. horse farmer in good standing with the organization.

Phillip Crane is doing just fine without debates, thank you. He is cutting a speaking path across the district with entourage and reporters in tow just like the good old days. Asked if he is ready for retirement after almost 20 years in the House, Crane replies with an emphatic "no." "Are you going out with your boots on, then?" he is asked. "Most likely," he replies.

As for the criticism he flies first class to and from Washington and has an oversize staff, Crane has a ready answer. Of the 434 members of Congress, Crane has always been known as a fiscal conservative. He is fourth from the top of those on the austerity list. As for staff, the district, which Crane calls the largest in Illinois, qualifies him to have 22 on the payroll, but he only has 16.

Quite a brouhaha is shaping up for chairmanship of the Lake County Board. Two Dist. 1 supervisors want the same job. It could be another interesting election following the big one for president in November.

Jim Fields of Antioch says he will try again for another two-year term at the end of this year. Norman Geary of Grayslake also wants another crack at the job he held previously.

About the forthcoming showdown, Fields says: "All I need is 13 votes." Geary is not claiming victory until the fall election to see if some candidates favoring him win election.

Fields says he is more of an administrator, who has run a good ship the last two years. Which is why Geary wants the job. He thinks a more hands-on person can do a better job of leading the county in this explosive period of growth.

Open-space group forms

Lake County has another open-space organization. It is called Curb Over-Development (C.O.D.), which is aimed at stopping unbridled growth in the county.

Elected chairman of the organization at its first meeting last week in Libertyville is Libertyville Twp. Supervisor F.T. "Mike" Graham. He is also a member of the Lake County Board and chairman of Illinois' first and only open space program, the Lake County Forest Preserve Dist. Earl Johnson of Grayslake was elected treasurer and Karen Rampella of Lake Villa was elected secretary.

"Purpose of this non partisan organization shall be to curb the over-development of the county, protect our quality of life, promote open space, safeguard the environment and reduce further traffic congestion," Graham said. "The objectives will be to raise money, interview, endorse, fund and work for any political candidate at all

governmental levels sharing our concerns.

"People all over Lake County and the collar counties of Will, Kane, DuPage and McHenry are outraged at the runaway development taking place in their once semi-rural areas," Graham continued. "The public is waking up to the painful fact that their quality of life is being destroyed, while at the same time, their property taxes are soaring to pay for new infrastructure and school needs. Every time they sit and fume in grid-locked traffic congestion, it adds to their anger and determination to halt it before it becomes even worse.

"The taxpaying public's mood is undergoing a radical change and those pro-growth, pro-development elected office holders are going to be run out of office," he predicted.

In the first week of a fund-raising, dues-paying effort, more than \$3,000 was collected.

Cancer awareness fair set for Oct. 8

To help people learn more about cancer and reduce their cancer risk, American International Hospital in Zion will sponsor a Cancer Awareness Fair on Saturday, Oct. 8, from 10 a.m. to 4 p.m.

Cancer screening tests, self-examination instructions, blood tests which can indicate cancer risk, diet assessment and meal recommendations to help lower the risk of cancer, and cooking demonstrations to teach the best way to prepare meals are a few of the services which will be available.

Results from many of the tests will be mailed to participants at a later date. Free literature, activities for children, food, recipes and other giveaways will also be available.

Physicians who specialize in cancer care, as well as laboratory technicians and registered dietitians will be available to meet with fairgoers and answer their cancer-related questions.

Buses and large groups are welcome to attend. For directions or more information, please phone (312) 746-4454.

Companion group needs volunteers

More than 13 million children in the United States are growing up in one-parent families. The patterns of instability and upheaval in family life continue to take their toll.

Big Brothers/Big Sisters of Lake County is trying to meet this challenge by matching children five through 14 years of age with responsible adults who

are willing to spend three to five hours a week for a minimum of one year with them.

Learn more about the program at the volunteer orientation meeting on Monday, Sept. 19, at the BB/BS office located at 4213 Grove Ave., Gurnee, from 6 to 8 p.m.

For more information and to make your orientation reservation, please call (312) 360-0770.

Sheriff promotes captain

Lake County Sheriff Clinton O. Grinnell has appointed Captain Thomas Gardner, a 21-year veteran of the department, to Lake County ESDA coordinator.

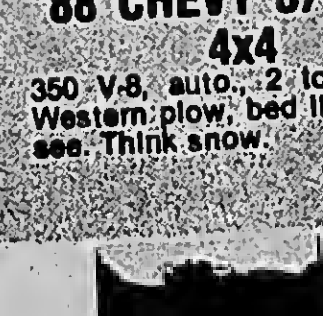

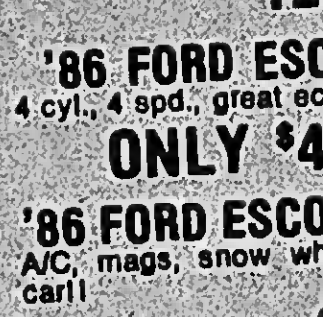

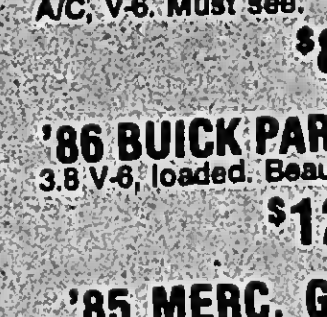

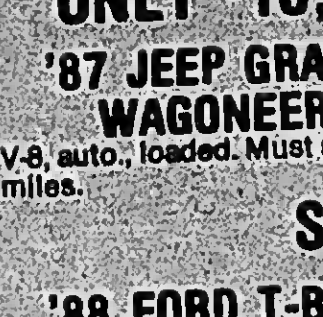

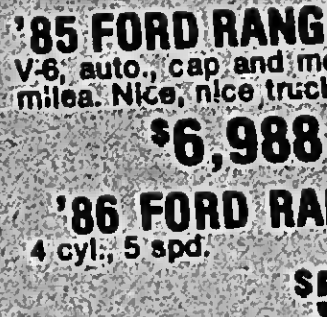

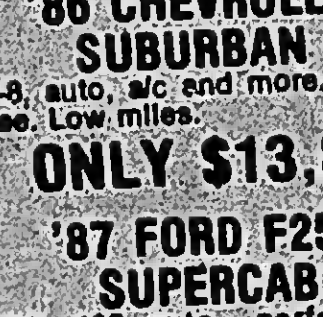

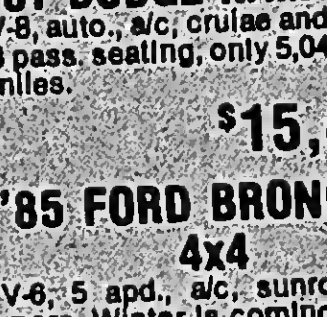

The move was made with the advice and consent of County Board Chairman James Field.

Gardner is responsible for the operations of the

county's department of emergency services, maintains liaison with state's emergency services and disaster agency, assisting with municipal communities on preparedness planning, such as natural and technological, mitigation and response, Grinnell said.

Gardner had been acting coordinator since December.

BUSINESS BRIEFS

Gurnee

Alcoa Building Products, a division of Stolle Corp., has opened a building supply warehouse at 3865 Swanson Ct., Gurnee, the Ohio-based company said. The 30,000-sq.-ft. facility, the company's third warehouse in the Chicago area, carries Alcoa's full line of aluminum and vinyl siding, aluminum roofing and accessories. In addition, it will manufacture such products as doors, vinyl replacement windows, hand tools and staple guns. As a wholesale operation, the warehouse's targeted markets include remodeling dealers, builders and contractors. Hours are 6:45 a.m. to 3:30 p.m. Monday through Friday. The company's other Chicago area operations are in Batavia and Melrose Park.

Antioch

The Comfort Inn, Antioch, the highest possible award for a hotel of its size by the American Automobile Assn. Following an inspection by AAA, the inn was awarded a "three diamond" rating by the association. This rating not only denotes quality, but reflects the dedication of staff in maintaining an exceptional level of cleanliness, appearance and service. The hotel contains 68 guest rooms, including 23 king suite rooms with wet bars and refrigerators, a presidential suite, cocktail lounge and two meeting/conference rooms.

Round Lake

Dollar Video opened in Round Lake in May. Located in the Revco Shopping Center at Washington St. and Cedar Lake Rd., it is the fourth store of its kind in Illinois—with other stores in Rockford, McHenry and Carpentersville. Bob Edwards is the owner. Each of the 4,000 selections is on the shelf behind its box, eliminating the need to check at the desk to see if a video is in. The store uses a computer system to keep track of rentals, returns and membership information. Membership is free.

Wauconda

Ground has been broken for the Wauconda Design Center, a group of retail stores just north of Rte. 176 in Wauconda. The strip mall is being built by the owners of Mr. Build Home Improvements, Scott Parat and Bob Remsing. The 15,000-sq.-ft. mall will feature six retail stores with an emphasis on homeowner-related products and services. Anchor tenants are also the owners, Parat and Remsing, with a 6,400-sq.-ft. showroom called "Mr. Build Plus" which will be the Midwest prototype store for the Mr. Build international franchise network. Completion of the center is projected to be January 1989.

Bi-State

The Lake County Life Underwriters Assn. will have its first meeting of the year at noon Friday, Sept. 16 at the Northern Chalet, Libertyville. The luncheon meeting will feature Tom Lager, Franklin Life agent from Aurora as guest speaker. His topic will be "an Apple a Day." Also on the program will be a presentation by Jim Campbell of New York Life and a member of the Million Dollar Round Table Foundation, which has awarded \$5,000 to "A Safe Place."

Richmond motel

This is an artist's conception of what the new 60-room Days Inn motel on Rte. 12 north of Richmond will look like when it is finished in late January. The \$1.6 million project on six

acres next to Andres Steak and Seafood House, should help the economy of the whole area.

Many will reap fruit of new Rte. 12 motel

In the broad sense, many people will benefit from the construction of a Days Inn motel on Rte. 12 just north of Richmond — travelers from Chicago on their way to or from Lake Geneva, anybody from the area who dines at or participates in theater tours from Andres Steak and Seafood House, other business persons in the Village of Richmond who will be able to attract overnight guests or who will benefit from having a place for potential customers to stay — but it's hard to escape the conclusion that the prime benefactor will be Ernest Andres and the business he owns right next to the six acres upon which the 60-room motel will be built.

It's difficult as well to escape the conclusion that Andres knew that when he decided to invest in the \$1.6 million project, which broke ground last week.

"It should help the whole area, not just my business," though, Andres said. Richmond Village President Bruce Hunter agreed.

"This is a very important project for us. It's taken the village approximately five years to get the infrastructure in to get in a position to do this."

The "real importance" of the development, Hunter said, is that it "further the goals and designs of making this a service community."

Richard D'Onofrio, vice president of Amerihost, Inc., which will manage the property, said the motel would employ about 15 people and "things like this lead to other developments. It's like a nucleus."

Amerihost and Brash Ventures, Inc. which came together to construct the Days Inn motel, see the value of Andres beyond

the seemingly obvious value of being located on Rte. 12, the heavily travelled Chicago-Lake Geneva corridor, and the fact that Richmond's has an established tourist attraction in antiques.

"It is next to a superb restaurant," D'Onofrio said. The restaurant happens to have meeting-room space that the motel does not.

The going rate for rooms will be about \$30 for a single. There will be an outdoor pool. Combined with the knowledge that there isn't any similar lodging around should be enticing to the traveler just back from a dinner theater event run by Andres, or to a couple looking for a wedding reception site with nearby accommodations.

Gil-Her out of Madison, Wis. is the general contractor. Work is expected to be complete by late January, 1989.

Retailers meet in Lindenhurst

Lindenhurst will host one of more than 60 "Retail Town Meetings" being held this autumn throughout the state. The meeting is jointly sponsored by the Illinois Retail Merchants Association and the Lindenhurst Chamber of Commerce.

The meeting is scheduled for Tuesday, Sept. 20 at noon at the Lindenhurst branch of the State Bank of Antioch, 2301 E. Grand Ave. The meeting is expected to last about an hour. Cost is \$7.75 for the luncheon. Reservations can be made or more information gotten by calling Daniel Fasnacht at (312) 356-1516.

Outdoor retailer hires buyer screening help

Gander Mountain, Inc. has hired two financial advisers to help it find a buyer, the company's chairman said. Ralph Frietag said management and directors of the merchandiser of outdoor recreation equipment, located just north of the Wisconsin-Illinois border, decided to actively pursue a sale after having been approached by several potential buyers. Freitag said Gander officials believe they need additional financing to continue rapid growth. Gander has hired Dillon Read & Co. of New York and Lubert & Co. of Milwaukee.

On the agenda for the meetings are the impact of the 1988 elections on retailing and the economy, a review of the state legislative session and resulting legislation affecting small businesses, including the proposed Constitutional Convention, and a preview of "It's Not Worth It" a new video designed to educate

fourth to seventh graders on the implications of stealing from stores.

The session will be presented by David Vite, Illinois Retail Merchants Association president, and B. Tucker Olson, executive vice president, who represent the interests of retailers in Springfield.

Personnel

Cherie Painter

Cherie M. Painter has been named manager of the First Midwest Bank/Lake County's (Mundelein) mortgage loan department. In this role, she will work with home buyers and realtors to secure appropriate financing from a wide range of real estate loan programs.

Before joining First Midwest Bank as a personal banker in 1987, Painter was a licensed real estate agent, associated with Coldwell Banker in Vernon Hills. She recently completed the mortgage manager program at Midwest Mortgage Service.

Painter lived in Mundelein for 13 years before moving to Grant Twp., where she now lives with her husband Bill and two of three children, Bill and Bobby. Her daughter, Gina, lives in Wisconsin.

Paulette Heffernan

Paulette M. Heffernan, of Wauconda, has been named a Country Companies agent in the Lake County agency. The announcement was made by Gerald VanderMeer, agency manager of the Lake County agency.

Heffernan took third place overall in the Country Companies new agent 10-week written contest. She also sold the most life applications of all new agents.

Heffernan graduated from the College of Lake County in May, 1984. Before becoming an agent, she worked as an administrative assistant for Country Companies for two years.

Philly to Gdansk

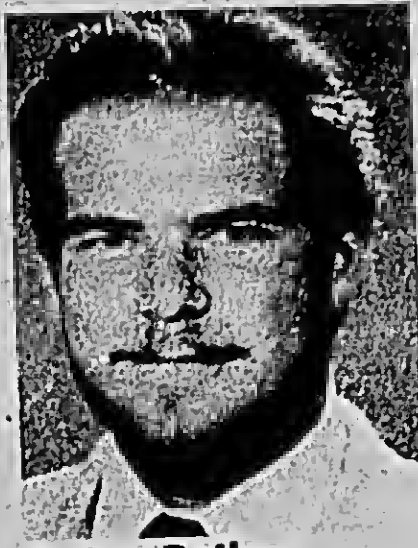

The first strike for a 10-hour day was by Philadelphia carpenters in 1791, according to the U.S. Labor Department.

Ed Macek

Ed Macek, of Lindenhurst, has been named a Country Companies agent in the Lake County Agency.

The Country Companies are a group of companies providing insurance and investment products and services, including Country Life, Country Mutual and Country Casualty Insurance Companies, Country Investors Life Assurance Co.

James Bailey

James Bailey, Grayslake, has been named a Country Companies agent in the Lake County Agency. The Country Companies are a group of companies providing insurance and investment products and services, including Country Life, Country Mutual and Country Casualty Insurance Companies, Country Investors Life Assurance Co. and Country Capital Management Co.

Vi Walsh Mattson

Vi Walsh Mattson, Antioch, beauty consultant for Mary Kay Cosmetics, Inc., has just returned from Dallas, Texas, where she participated in a three-day business management seminar.

The annual event consisted of four consecutive three-day seminars that focused on building consultants' professional sales techniques, marketing and product knowledge.

Area supervisors complete training

Sixty-two supervisors from area businesses will receive certificates of completion from the Supervisory Development Institute of the Northern Illinois Industrial Assn. The certificates were presented at an awards breakfast at the Sheraton-North Shore Inn in Northbrook on Aug. 19.

The Supervisory Development Institute, started by the NIIA three years ago, trains new supervisors in the plant or office. The institute's main goal is to develop management skills such as decision-making and team-building in the new supervisor in three separate courses. Since its start in 1985, more than 1,500 people have been enrolled in the institute.

The featured speaker at the awards breakfast was E. Louise Rodgers, vice president, northern division, Northern Illinois Gas Co.

The following supervisors earned certificates:

Larry Bateman, Fred Hentschel, Jason Pieper, Carl Stauche, Penny Bouchard and William Franz of the North Shore Sanitary Dist., Gurnee; Kevin Bosner, Jeff Franklin, Richard Nation and Kevin Manasco, Carter-Hoffman Corp. of Mundelein; Lori Ohren, Jan VanAuken and Dianne Ward, Quill Corp. of Lincolnshire; Elisabeth Quintus, Commerce Clearing House, Inc., Riverwoods; and Sherri Manninen, Wickes Lumber, Vernon Hills.

WHEN USA OLYMPIANS BRING HOME THE GOLD...

YOU'LL TAKE HOME THE MONEY!

US Olympic athletes can help you earn up to 8.33% interest or more with Home Federal's Olympic Gold CD.

Rooting for the USA in the 1988 Olympics can be more than a patriotic tribute to our great athletes—it can be a winning investment!

When you deposit \$500 or more in on Olympic Gold One Year CD, you'll earn a high 7.50% annual rate on your funds, plus the day following the closing ceremonies we'll add one basis point for every gold medal the US wins!

That means, if the US wins 83 gold medals as they did four years ago, you'd earn a whopping interest rate of 8.33%! Past history is no indication of future performance, but the more gold medals the US wins the better your rate. And you can't lose. Regardless of medals won, you'll still earn the base rate of 7.50%.

Root for the USA! Root for the Home team! It's a winning combination! Visit any Home Federal Bank location today or call 244-0880 for more information or to open an Olympic Gold CD by mail.

IRA reinvestment options available

by **TERRANCE GAERTNER**

I received a phone call from one of my toughest clients who wanted advice on where to invest his IRA moneys which were about to mature from an older, high-yielding certificate of deposit.

First, I said, "Hi, dad." After discussing his golf game, we began talking about his investment objectives for this investment. Because of a profit-sharing plan roll-over combined with prudent conservative investing, my father had accumulated a substantial sum of money in his IRA account.

His primary objective was "safety of principal", and his secondary objective was to beat the yield of current CDs. After discussing several alternative investment options, I concluded that an Immediate Life Annuity with monthly payments guaranteed for 10 years would best meet his objectives.

We selected an immediate annuity because IRA withdrawals had to begin this year. We were able to fund the annuity with an amount that would pay out the amount required by IRS to avoid penalty. We chose the optional 10-year certain guaranteed monthly payment to assure that more than the premium would be returned should the client die during the first 10 years.

The monthly payments represent both a return of principal as well as interest earnings. The actual cash received

each year, which includes return of principal, will be approximately 12.5 percent of his original premium. Because this is IRA money which has never been taxed, all withdrawals are taxable.

If this had been an after-tax investment, a fixed portion of each payment would have been exempt from tax because it would be considered a return of principal. The percentage that is exempt from tax is called the "exclusion ratio".

Within an immediate annuity, you can lock in the payment amount for the rest of your life. If interest rates go up substantially after you have locked in your rate, your buying power would be reduced. On the other hand, if rates go down, you will have locked in a higher rate than the new rate.

Our feeling is that we are nearing the top of the climb of interest rates. Net rates will trend down over the next three to five years. We are, therefore, recommending that our clients lock in today's high rates through the use of a Life Annuity.

The second type of annuity is a deferred annuity. With the deferred annuity, you pay your premium now and allow it to grow, tax deferred, until you cash in your annuity or start receiving payments.

Single premium deferred annuities enjoy special tax treatment similar to that of a non-deductible IRA. Interest earned during the ac-

cumulation period is not taxed until it is withdrawn, but if policyholders pay their money out before age 59 1/2, the IRS imposes—in addition to income taxes—a 10-percent penalty tax on the amount by which the value of the annuity exceeds the premium.

As is the case with immediate annuities, if you annuitize your accumulation, (i.e., withdraw it as a monthly pension) part of your monthly payment is return of principal and part a return of interest earnings. The "exclusion ratio" applies. You pay taxes only on the interest. You don't have to figure the interest yourself. The insurance company sends a statement showing what percentage of each annuity payment can be excluded from income.

With a single premium deferred annuity (SPDA), you have the option of fixing the earnings rate (deferred lock-in) or the insurance company may guarantee a stated rate for one or several years. After the guarantee period, your annuity will earn income based on the earnings the insurance company is able to make in the market. The insurance

companies will typically be investing your annuity money in fixed income securities which they actively trade. Thus, the earnings after the guaranteed period could be lower or higher than the initial guaranteed rate.

You can roll over a SPDA into another SPDA if you don't want to cash it in or begin the pay out phase. Again, you will assume the then current rate.

Using an immediate annuity as an example, you have several options to choose from. In its simplest form, a Life Annuity pays a set sum of money monthly, quarterly, semi-annually, or annually from the time the premium is paid until the purchaser of the annuity dies. From there, you can stipulate various options. The more guarantees you add, the lower the pay out amount.

You can specify that the annuity pays for a guaranteed period such as five, 10 or 15 years. You can specify that any unpaid premium be refunded upon the death of the annuitant either in a lump sum or as a continuation of the monthly payments. You can also have a Joint and Survivor Annuity that

continues pay out after the death of the first annuitant until the death of the second annuitant, usually the spouse. Joint and survivor annuities can also contain the above options.

Since the monthly pay out of any life annuity is based on your life expectancy, the older you are the higher the monthly payment and vice versa.

In summary, then, for the prudent, conservative, long-term investor, we think now is

an excellent time to consider purchasing an annuity. It is the only investment available that can provide, at your option, the security of a guaranteed monthly payment for life, regardless of how long you live.

WEEKEND/LEISURE

and FOCUS ON FEATURES

Check it out!

by GLORIA DAVIS

Musical notes

Nationally known musicians that make-up the Ragdale Ensemble will be performing at 3 p.m. on Sunday, Sept. 18, at the Ragdale Foundation in Lake Forest.

Tony Award nominated singer, John Herrera will be appearing at Ruggles Cabaret Bar, on Halsted in Chicago from Sept. 21 through Oct. 1.

This Saturday will be the last night that singer John Gary will be at Pheasant Run in St. Charles.

The Great Lakes Opera Co. will be presenting two 20th Century operas in English at the Archbishop Cousins Catholic Center in Milwaukee on Saturday, Sept. 24 and Sunday, Sept. 25.

Be there!

Thain and Johnson Enterprises will be putting on a rodeo for the benefit of the Fraternal Order of Police, on this Saturday and Sunday, at the Lake County Fairgrounds in Grayslake.

The Lake County Gun Collectors will have a gun show, also at the fairgrounds, on Sunday, from 8 a.m. to 2 p.m.

The fifth annual Wisconsin Mushroom Faire will take place on Sunday, Sept. 25, from 9 a.m. to 3 p.m. at the Milwaukee Public Museum. A dozen booths, mushroom movies, clay-mushroom molding and a mushroom scavenger hunt will all be part of the fun.

Food faire

Do you like sauteed frogs legs and deep fried catfish? Those are the specials at Mers Restaurant in Wauconda.

Speaking of fish, there's a fish boil every Friday at Bauer's Red Rose at the Renwood Country Club in Round Lake Beach.

How about that Tex Mex chicken at Terry's Mexican Restaurant in Mundelein, chicken squash, zucchini, onions --yum!

Lobsterfest is back every Monday and Friday at Andres on the Bay in Fox Lake.

They say it's worth the drive to Memories Museum Restaurant in Trevor, Wis., just north of Antioch on Rte. 83 to dine on excellent cuisine in either the Village of Memories, The Train Yard Saloon, The Porch Dining Room or The Gazebo.

Since Friday dining out is becoming the favorite night of the week to eat out, try the seafood lover's buffet at Zachery's in the Gurnee Holiday Inn.

Everything, service, atmosphere and the steak or lobster, not to mention the delicious special salad dressings and that succulent baked potato, is always good at the Stage Stop in Wilmet.

Wednesday is super saver prime rib night at the Northern Chalet on Rtes 21 and 137. Complete dinner is only \$6.50.

For anyone who savors fresh soft-shell crabs, it's Alex's Washington Gardens on Greenbay Rd. in Highland.

Ron of Japan in Northbrook will be holding it's sixth annual Kiku Festival this weekend and the prices of the crown and imperial dinners have been slashed for the fest., the Sukiyaki steak only \$8.95.

'West Side Story' opens

Leonard Bernstein's classic musical, 'West Side Story' has just opened at the Marriott Lincolnshire Theatre in Lincolnshire starring Susan Moniz as Maria, Marcus Lovett as Tony, Shannon

Cochran as Anita and Bob Rahn as Bernardo. 1950's version of Romeo and Juliet tells story about the rivalry between Jets and Sharks, they're leaders and their girls.

Marriott's 'West Side' another story entirely

by GLORIA DAVIS

... "West Side Story" has always epitomized the best in all categories of the American theatre to this reviewer. Done well, it's has everything, beautiful music and lyrics, classic dance numbers and a story strong enough to last through centuries.

In fact the story is so great, it's almost fool-proof with just the presentation of the above guaranteed to bring any audience enjoyment.

And so it is with the new production of this work of three theatrical geniuses, Leonard Bernstein, Stephen Sondheim and Arthur Laurents --- it is enjoyable.

In this case, the material far outshines the production and some of the performers, an unusual situation with the Lincolnshire Theatre's strong reputation for turning out some of the most polished productions in the Chicago area.

Susan Moniz and Marcus Lovett have undeniably outstanding singing voices. Their rendition of "Tonight" is a show stopper!

Neither of their performances is bad, just weak as the show progresses, with one of my favorite songs in the show, "Somewhere," a real non-event. Not only do the classic words barely get past the third row, anyone sitting beyond that point will find it hard to see the two lovers as they profess their love on a fire escape just a bit too high for good viewing.

Whats'
Happening
Inside

Shannon Cochran, on the other hand, does her usual fantastic job as Anita with Bob Rahn doing a creditable version of the ill-fated Bernardo. Cochran sizzles as she leads the Sharks in both the song and

Critic's Choice In...
Lakeland

dance department in "America."

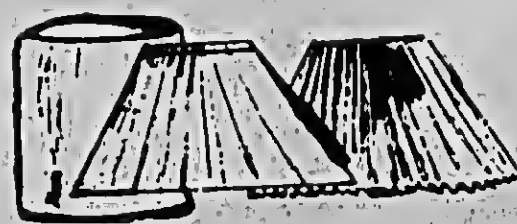

Paul Dobie is just another gang member despite the fact that his role of Riff made a star out of Russ Tamblyn. The two gang songs that brought down the house in the original production,

"Cool," and "Officer Krupke," are all but skimmed over lightly, much too lightly.

Not being an expert on choreography, I can't put my finger on what went wrong with Mark Hoebee's version of Jerome Robbins masterful dance numbers, but they lack the strength that they're supposed to have. Some of the numbers actually seem disjointed and messy.

Maybe the show just wasn't ready for the early reviews. Knowing Producer Kary Walker's usual drive for perfection, this reviewer has a strong feeling that by the time any of you readers see the show, all the kinks will be gone and the best of the best musical ever written will be on stage at Marriott being done as it was meant to be done.

Word spreads about benefit

by STEVE PETERSON

Like most high school organizations, the Warren Twp. High School Future Business Leaders of America (FBLA) chapter did not start out with students beating down classroom doors to join.

First offered to students in 1980-81 in the form of a course selection sheet, 16 students signed up. But FBLA organizers Joe Stephenitch and John Ariola did not give up and by year's end, 67 students enrolled.

Today, Warren's FBLA is not only the fully-acknowledged chapter in Lake County, the membership is expected to rise because Lisa Kiesgen is now president of the Illinois' northern area and state divisions.

"It's been something we've been building to," Stephenitch said.

Kiesgen, who was named president of the state organization this spring, will play major roles in such events as a state competition to be held at Warren in March as well as the national FBLA convention next summer in Orlando, Fla.

The FBLA's presence at the Gurnee campus can be easily seen. The group runs the new school bookstore handling a wide variety of items such as gym suits to supplies for various departments.

Stephenitch, who is assisted in his advisor role by Chris Mason and Sue Walker, said the group's activism really began about six years ago. "The first four years we did not do much traveling. When Chris and Sue came, that enabled us to do so much more," the advisor said.

FBLA activities are divided into social, civic, service, professional, and financial areas. For example, social activities include a float in the Homecoming parade Nov. 1 and clean-up following the football game;

encouragement of more student membership; evening meetings; a Christmas party and a banquet.

Kiesgen, who is anticipating a career in graphic arts management, started in FBLA the summer of her sophomore year.

"I went to the summer conference and I liked it a lot. I started participating in activities and then went for an area officer's position," she said.

But what just does FBLA offer Warren students?

According to a national FBLA brochure benefits include: developing your self-confidence; developing leadership skills; involvement in community service activities; promote civic pride and responsibility; offer travel opportunities; offer opportunities to attend leadership conferences; make new friends around the world; money management skills and learning parliamentary procedure and how to use it.

Stephenitch said most of the FBLA chapters in the Chicago area are located south and west of Lake County. The closest FBLA chapter is in Cary and that is something Kiesgen would like to change.

"I definitely want to get involved with other chapters. We want to charter 12 new chapters this year," she said.

Stevenson High in Prairie View is expected to charter a FBLA chapter this fall.

Warren High officers were installed in a candlelight ceremony earlier this month. Randy Kurtz is the new president; Mike Walker is vice president; Tracy Church is secretary; Susan Reed and Tina Tavajian are treasurers; reporter is Matt Rockwell and historian is Tracy Mattingly.

People

Reviewing annual report

Warren Twp. High School's Future Business Leaders of America staffers review award-winning annual report. Warren's FBLA is the only fully accredited FBLA Chapter in Lake County. Warren's Lisa Kiesgen is state FBLA president. First row: Kiesgen and Randy Kurtz, chapter president. Second row: advisors Joe Stephenitch, Chris Walker and Sue Mason.

Students see Europe in 11 days

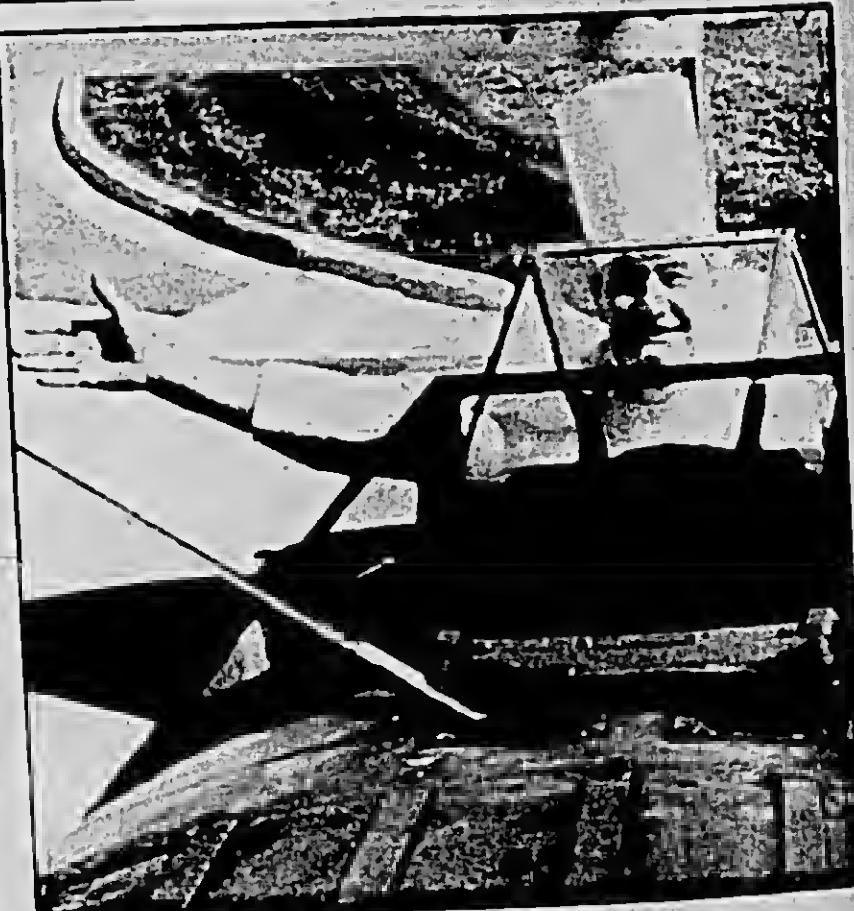

Carmel Senior Rita Kazlauskas of Waukegan spent 11 days this summer performing in Austria and Germany as part of the prestigious Chicago Youth Symphony Orchestra (CYSO). Only 100 musicians from throughout the Chicago area are selected for this honor. Selection is based upon competitive audition.

The tour, which ran from June 18 until June 29, began with a concert in the mountains of Austria at the Kongresshaus in Bad Gastein.

From there the young musicians went to Vienna to play at the Musikverein, home of the Vienna Philharmonic Orchestra. After one of the performances at the Musikverein the Orchestra received a 15 minute ovation.

The CYSO also performed with the internationally known Vienna Boys Choir at a benefit concert. The group then gave concerts in Linz before crossing into Germany where they played in Nuremberg. Their concert at the Meistersinger Halle was recorded for broadcast on Bavarian Radio.

Kazlauskas, a violinist for eight years, is in her fifth season as a member of the Waukegan Symphony Orchestra and in her second year with the CYSO, studied formerly with the late George Swigart.

Chef lands

Victory Memorial Hospital's chef, Robert Lyons, 'lands' official Chef Cuisine 'flying food fortress' at Baxter Hangar, site of this year's Chef Cuisine Benefit for Waukegan Hospital set for Sunday, Sept. 25.

President

Debbie Larker, president of Courtesy Graphics, Inc., Libertyville, has been elected national president of Women In Management, Inc., 1,600 member business-women's organization started in 1976.

Masons to honor Brooks

Wadelle Brooks, Sr., North Chicago, who was chosen Mason of the Year in 1987, will be honored by the Rufus Mitchell Lodge 107, Waukegan, at a Mason of the Year Banquet, to be held at 8 p.m. on Saturday, Sept. 17, at Daisy's Resource and Development Center in North Chicago.

Butler, princess kick for heart

Kevin Butler, Chicago Bear kicker, joins with Heart Fund Princess, Vanessa Mukite, 4, Chicago, in taking a kick at heart diseases when "Kevin Kicks For Heart" through the football season to the Super Bowl. For information on participation, call (312) 346-4675. Funds raised will support the American Heart Assn. of Metropolitan Chicago research, education and community programs.

Answer to Puzzle

Woodstock starts season

More residents from Chicago, Rockford, Woodstock, and Lake and McHenry Counties are discovering the Woodstock Opera House as a major performing arts center. More people are realizing that they can enjoy the great artists of the time in a superb setting, at a convenient location (and less expensive than Chicago).

This year's Performing Arts Series 1988/89 season will include three different subscription series: musicals, variety and concert series. A very special reunion with Shelley Berman; internationally renowned groups such as the National Theatre of the Deaf, the New York Baroque Dance Co. and many others are going to be part of the Centennial Celebration. This program is funded in part by the Illinois Arts Council, a state agency.

The fully-restored Woodstock Opera House offers extraordinary acoustics and sightliness and its warm intimate atmosphere makes it a perfect home for great music, thrilling dance, outstanding theatre produced by community-

based groups, as well as international visiting artists. In addition to performances on stage, the Opera House, also exhibits works of art in the community room, with a different art exhibit each month.

Invites fans to travel

The Waukegan Symphony Chorus is offering yet another opportunity for Lake County residents to join in on the fun.

The chorus and Dir. Don Horisberger are traveling to New York City in June of 1989 for a solo performance at Carnegie Hall. The trip is also open to anyone interested in visiting New York with the chorus.

The travel package includes round-trip airfare, lodging at the Penta Hotel (formerly the Hotel Pennsylvania), and a ticket to the June 19 performance of the chorus at Carnegie Hall. The trip takes place June 16 through 20, 1989.

The chorus has accepted an invitation from MidAmerica Productions, Inc. of New York City to perform at Carnegie Hall. The chorus will be a part of the MidAmerica's New York Conductor's Debut Series.

Besides conducting the Waukegan Symphony Chorus, Horisberger will be the guest conductor of the Manhattan Philharmonic. For more information call (312) 244-1660.

THIS WEEK'S

HOROSCOPE

BY SALOME

Weekly Tip: Be especially friendly to strangers.

Aries (Mar. 21-Apr. 19) A congenial attitude toward your duties and responsibilities is necessary if you want to accomplish anything. Trust your mate when you need advice.

Taurus (Apr. 20-May 20) Open your mind to some new and progressive ideas. Don't be so negative when approached with something different from what you usually accept.

Gemini (May 21-June 20) Don't underestimate the drive and ambition of an opponent in your business arena. Always attribute "your" ideas to those who've earned recognition.

Cancer (June 21-Jul. 20) Depend more on yourself as you come into the final stretch of some long-term project. Keep yourself centered and well paced as you reach the finish line.

Leo (Jul. 21-Aug. 22) Be objective when faced with dismaying situations. Take a well earned break from your usual workaday routines. Get yourself ready for new projects.

Virgo (Aug. 23-Sept. 22) Interesting faces are buzzing around you; take note, for someone here could help you greatly. When faced with opposition, keep a steady course.

Libra (Sept. 23-Oct. 22) A delightful little jaunt to an unexplored place is well advised. Be unusually attentive to those unfamiliar people around you. Don't take criticism to heart.

Scorpio (Oct. 23-Nov. 21) You must be convincing if you want your new plans to start rolling along nicely. Do not betray the confidence of someone you have recently met.

Sagittarius (Nov. 22-Dec. 21) An overly trusting soul has put some faith in your judgment; do not let this person down. Wait for a better time to make important decisions.

Capricorn (Dec. 22-Jan. 19) Avoid controversial issues when talking with associates. A distant relative could figure heavily in your long-term plans. Be cautious, not afraid.

Aquarius (Jan. 20-Feb. 18) A romantic interest could heat up for you. Emotional trauma is almost inevitable. Rely on yourself when making necessary personal decisions.

Pisces (Feb. 19-Mar. 20) Personal problems cropping up here and there can easily be handled by an astute and clever Pisces. Moon Children figure in your short-term goals.

If you were born this week, it is high time you start producing the caliber of work which you are easily capable of. Virgo. Indeed, you have been too long wasting talents and skills which would serve you well in other areas. Rest assured you will need to apply yourself to whatever you take on, but the rewards are almost endless.

Lakeland's WEEKEND—LEISURE

Chef Cuisine benefit set for Baxter Corp. hangar

Victory Hospital's annual Famous Chef Cuisine Benefit now has a new location, and an exciting new format. In addition to an afternoon and evening of tasting fantastic food from more than 30 top restaurants, everyone will enjoy live music and a very special silent auction.

It all takes place at the Baxter Corp. hangar, this year transformed into a spacious gourmet's paradise. Proceeds benefit Victory's Adolescent Chemical Dependency Unit. Tickets are just \$40 per person, and this year's supply is limited. Tickets can be purchased by calling (312) 360-4319 or by

stopping by Victory Hospital weekdays, between 9 a.m. and 5 p.m.
The event takes place Sunday, Sept.

25 from 3 to 7 p.m. Use the Baxter Corp. entrance at the Waukegan Airport off Wadsworth Rd.

'Consul' set for art center

The Barrington Chapter of Lyric Opera and the Women's Board of the Norris Cultural Arts Center are sponsoring Gian-Carlos Menotti's dramatic opera in three acts, "The Consul", on Sunday, Sept. 25, at 3:30 p.m. at the Norris Cultural Arts Center in St. Charles. Appearing in the leading role of Magda will be soprano Lisa Saunderson from Palatine. The emerging young Lisa has won numerous competitions and has appeared in many operas, and has been featured as a soloist

as well as a recitalist. Barbara Landis, a native of Chicago, will appear as the Secretary. Her multitalented performance credits include dancing and acting roles as well. Others in the cast will include Robert Chionis, Lee Starr, Jeffrey Taylor, Kevin McKelov, Donald Blackey, George Jongeyans and Susan Stokes. Tickets are a \$10 donation and may be obtained by contacting the Norris Cultural Arts Center, 1040 Dunham, St. Charles, IL 60174 (312) 584-7200.

American International hosts cancer awareness

Today we know that many factors contribute to cancer risk. Diet, stress, too much such, exposure to certain chemicals and family history all play a role. Learning to reduce cancer risk factors and being aware of cancer's early warning signs can save your life if one day you are one of those 90,000 people.

To help people learn more about cancer and reduce their cancer risk,

American International Hospital in Zion, will sponsor a Cancer Awareness Fair on Saturday, Oct. 8 from 10 a.m. to 4 p.m.

All fair activities will be held in Shilo Park, directly across the street from American International Hospital at Shiloh and Emmaus avenues in Zion. Army tents arranged in a compound will provide a setting similar to the 4077th MASH, the

popular film and television series. Personnel will be dressed in camouflage fatigues and army uniforms. MASH character look alikes, including Hawkeye, Trapper John, Radar and Hot Lips will be available to pose for photos with fairgoers. Army vehicles and fifties-era music will also fill the compound. Buses and large groups are welcome to attend. For directions or more information, please phone (312) 746-4454.

Self-massage alleviates fatigue and tension

Massage, once revered only by those in athletic circles, has emerged as a mainstream health and fitness routine for people of all ages and activity levels.

Casual strollers, hobbyists and weekend athletes alike can benefit from massage, without paying anywhere from \$20 to \$60 for an hour's worth of a massage therapist's services, by learning the basic techniques of massage and self-applying them.

Self-massage, emerging as one of the hot new self-help therapies of the decade, can help alleviate fatigue, muscle soreness, joint stiffness, tension, lower back pain and pain from arthritis.

Massage flushes waste material from muscles and stimulates blood flow. By doing so, it forces fluids back through the joints to increase joint mobility, to nourish muscles and to overcome fatigue.

Massage has three basic effects on the body. They are circulatory, conditioning and tension reducing. Almost all

massage movements yield more than one of the effects; all massage has circulatory effects, for instance.

Depending on what area of the body is being treated one might want to experiment with a combination of these techniques.

The basic techniques of massage are: Stroking, kneading, friction and shaking. With the exception of friction, a lubricant should be applied prior to beginning massage therapy.

Following are the basic movements and their benefits.

STROKING begins and ends the massage. It is a long sliding action of the hands along the length of the muscle. Stroking should begin at the point farthest from the heart and always moves towards the heart. Stroking stimulates overall circulation, which leads to increased joint mobility.

KNEADING uses the fingers, thumb, knuckles or hands to press into muscles. The procedure is very similar to

kneading dough.

For instance, use both hands to clasp the calf muscle. Alternate pressure from one hand to the other, squeezing and moving up the length of the muscle towards the heart. Kneading is generally recommended for thighs, calves and top of the shoulders.

FRICTION is a localized, circular or cross-fiber movement done around joints and tendons or across muscles. Friction is applied with fingertips, thumbs or fleshy base of thumbs.

Moderate pressure is applied perpendicular to the length of the muscle or in a circular fashion. After friction strokes are completed, a topical rub which combines the pain-relieving ingredients menthol (cooling) and methyl salicylate (warming), should be applied to help ease joint pain and maximize massage benefits.

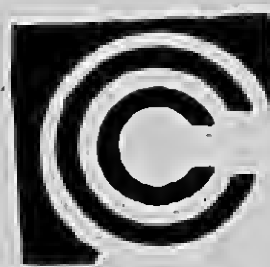

SHAKING is used between other techniques to relax muscles, joints and tendons.

HEALTH & FITNESS

Stress management, a cure for most ills

Today's lifestyles are full of stress. In addition to influencing physical and emotional health, stress also affects the quality of life. Moods, job performance

Exercise provides a physical outlet for pent-up emotions and actually uses up the natural byproducts of stress: increased blood sugar, heart rate and muscle tension. Regular exercise -- at least 30 minutes three to five times a week -- will give the strength to fight fatigue and illness. Home videos, or even music television, offer an easy, fun way to establish a regular exercise routine at home.

and overall attitude may all relate to your stress level. Many things cause stress; but fortunately, there are also many methods to relieve stress.

There are several ways to manage and control stress.

First of all, either remove the sources of stress in life or remove self from stressful situations.

When stress comes along be equipped so that it meets a well-prepared mind and body. Finally, learn how to deal with stress when it must be met head-on in specific ways.

In order to escape or remove sources of stress, evaluate lifestyle and set new priorities. By following those new priorities, the possibility of being closed in by unpleasant obligations will be eliminated. List activities or events that make for tense feelings or frustrations. Then see if you can change or avoid these events and participate in those which are more enjoyable or rewarding.

Several stressful factors which could easily be wiped out are reducing the amount of noise you're exposed to each day, always plan a time schedule in advance and remember to allow a few extra minutes for each activity of the day. Learn to say "no" to time commitments, when it is an awkward

situation or other plans have been made.

Examine your attitudes and see how much unnecessary pressure is self-induced. Is it important to always do better than your co-workers or friends? Don't be so competitive, and try practicing a more casual attitude.

Since a certain amount of stress is inevitable, it pays to improve the ability to deal with it effectively, and by improving physical health, the body's ability to handle stressful situations will also improve.

Twenty to 40 minutes of strenuous exercise three to five times a week can work wonders for stress coping mechanisms. Exercise eliminates

stored-up stress and tension.

Other recommendations for avoiding stress include cutting down or eliminating alcohol intake and cigarette smoking, eliminating or reducing caffeine and salt in the diet, practicing sensible sleep habits and learning and practicing a relaxation technique to increase the ability to stay calm.

Stress is a pervasive problem that everyone must deal with sometime in their lives. Although it can serve as motivation to try new things, to accomplish work, or to achieve goals, a significant improvement in health will be experienced stress is kept at a comfortable level.

Foot clinic opens new office

Dr. Jack Chulengarian, who has had offices in Waukegan and Grayslake for 15 years, expands with another full service podiatric clinic at 1170 N. Skokie Hwy. (Rte. 41). The new office provides complete care from diagnosis, including on-premise X-rays through treatment.

Dr. Chulengarian, certified by the ACCPPS, is residency trained in foot and ankle surgery. He specializes in the treatment of the "Diabetic Foot" and the state of the art "screw technique" for bunion correction. Painful foot problems including sore heels, ingrown or

thickened nails, callouses, arch pain and sports injuries can be treated with simple office procedures. For a free consultation regarding any foot problem call (312) 244-5557 in Waukegan/Gurnee or (312) 223-6066 in Grayslake.

A HOME HEARING TEST

Ask yourself the questions below. Your answers will tell you if it would be wise to have a professional test:

1. Do you have to ask people to repeat, or "speak up"?
2. Do you have problems understanding in noisy rooms?
3. Do people seem to mumble-not speak clearly?
4. Do you hear-but not always understand what's said?
5. Do you have problems understanding on the telephone?
6. Do other people seem to visit you less often?
7. Do you find children's voices not clear?
8. Do others say your tv or radio is "too loud"?
9. Do you seem to avoid social gatherings you once enjoyed?
10. Do you feel "left out" in group situations?

HEALTH & FITNESS

Physical fitness, health

Analyze your expectations and commitment to personal fitness

It's now become accepted knowledge that fad diets only make it more difficult in the long run to lose and to keep off unwanted weight, especially after repeated attempts and failures.

It is finally becoming clear to most of us, as it has been to health professionals for many years, that the only way to maintain a leaner, finer-toned figure is with an *ongoing* lifestyle of practical exercise and good eating habits. Simply put: There just aren't any shortcuts to becoming fit.

But, getting to, or even maintaining a comfortable level of fitness doesn't have to be a horror story of epic proportions either. The primary ingredients are pretty straightforward: Desire, intention, discipline and common sense.

No one can do anything about becoming healthier if he or she doesn't want to. One has to have the *desire*—and coupled with that desire, it is essential that one have the *intention* of following through with that desire—otherwise, the endeavor to feel better is self-sabotaged from the onset.

Discipline is, of course, a primary ingredient in any health and fitness routine and probably the hardest to master. But once a handle, and then a foothold, can be won, discipline can become a trustworthy ally instead of one's ever-elusive, unattainable enemy.

Whether your desired activity is running, walking, baseball or aerobics, the simple establishment of a *liveable* routine will set the foundation for something that

Name of Trail	Location & Setting	Managing Agency	Length/Miles	Surface	Intensity of Use	Other Activities
Des Plaines River Trail (Lake Co.)	Rt. 173 to McCarty Rd. along Des Plaines River (Woods, prairie, open space)	Lake Co. FPD 2000 N. Milwaukee Ave. Libertyville, IL 60048 312/367-6640	7.0	Limestone screenings	Moderate	Hiking, snowmobiling
Zion Bike Trail (Lake Co.)	City of Zion (City parks and urban areas)	Zion Park Dist 2400 Dowle Memorial Dr. Zion, IL 60090 312/746-5500	6.5 (2.5 on city streets)	Paved	Moderate	Hiking, jogging
Lake Forest/Lake Bluff Bike Trail (Lake Co.)	Villages of Lk. Forest & Lake Bluff (Open space & smaller suburban communities)	Village of Lk. Bluff 110 E. Laurel Lk. Forest, IL 60045 312/234-4150	7.5	Paved	Heavy	Hiking, jogging, X-C skiing
Moraine Hills Bike Trail (McHenry Co.)	Moraine Hills SP (Glacial lakeland)	IL Dept. of Conservation Moraine Hills S P 914 S. River Rd. McHenry, IL 60050 815/385-1624	11.0-loop	Limestone screenings	Heavy	X-C skiing, hiking

will become a pleasurable and unmissable part of one's day (or even every other day). Instead of a chore that is continually dreaded.

Underlying all aspects of one's fitness routine (including discipline, which, for some, can get out of hand), should be one's own common sense, the greatest ally of all.

It is common sense that guides us to want to be healthier in the first place, and it is common sense that will stand by our sides (or stand on our hands) next year, when the second round of pecan pie with whipped cream comes around after a delicious holiday dinner.

It is common sense that tells us to stop

doing roll-ups, or any exercise, when any amount of pain is detected. (Over-exuberance in people becoming newly fit almost always leads to injury, which only serves to set back the whole process of becoming, and staying, healthy.)

The key to common sense in health and fitness lies in not being too hard on oneself when it comes to enjoying healthy food, yet being firm enough with oneself to foresee the consequences of over-indulgence.

But, the primary importance of using common sense in a fitness program, other than avoiding injury, is to find an exercising activity that is enjoyable (or at the very least, unobtrusive enough so that other activities can be accomplished while doing it, i.e., reading while on an exercise bike, listening to music or books on tape while jogging), so that the activity becomes something that is looked forward to, and therefore easily returned to, on a regular basis.

Quality medical care.

Gastroenterology services now available.

Welcome to **Howard A. Rubenstein, MD**, who recently joined our staff.

Dr. Rubenstein received a MD degree from the Chicago Medical School in 1981. He is Board-eligible in both internal medicine and gastroenterology.

Dr. Rubenstein treats most

adult (age 16 and up) medical problems.

Office hours: Monday through Saturday. Mornings, afternoons and some evenings.

Please call any one of our three Lake County locations for an appointment.

Keeping you and your family healthy!

FOOT FACTS From The FOOT DOCTOR

Dr. Griff J. Winters & Assoc.

Specializing in Reconstructive Foot & Ankle Surgery

Dr. Winters

SIGNS OF TROUBLED FEET

If you're having a problem with your feet, you may think it's minor until the discomfort and foot fatigue get out of hand. Any limiting of activities on the job or at home can be a serious problem until your feet get the treatment they need.

There are many signs of troubled feet, and here are a few to watch for. **CORNS AND CALLUSES** are caused by friction and pressure that may be attributed to defects in the foot's bone structure. **WARTS** may be mistaken for calluses, but they are really quite different. A wart is a skin growth which has its own blood and nerve supply and tends to spread if left untreated. **HUNIONS** are caused by misaligned toe joints, usually the big toe, and can become swollen and tender. **FUNGUS CONDITIONS**, such as athlete's foot, tend to attack the feet in the warm, moist areas between the toes. **TOENAIL INFECTIONS**, sometimes caused by improperly trimmed nails, can also be caused by structural defects.

If you have any of these signs of troubled feet, see your foot specialist for examination and treatment.

If you have the above symptoms or any other foot discomfort, you may contact Dr. Winters for a NO COST CONSULTATION to see if there may be an answer to your foot pain.

HEALTH & FITNESS

Bunion progression can be halted Scholar Dollars

by DR. GRIFF J. WINTERS

Bunions are on the side of the foot, occurring at the large toe joint, the severity of a bunion is usually determined by the amount the big toe deviates outward and the size of the bump at the joint.

Bunions are caused by:

1. Pronation (flat feet)
2. Long-term use of poorly fitting shoes
3. Congenital predisposition.

Bunions secondary to

flat feet are most frequent. Bunions are serious problems if left to progress. Well-developed bunions cause arthritis in the involved joint and create chronic discomfort, besides being aesthetically unappealing.

The progression of a bunion often can be halted by orthotic devices in the shoes. Orthoses maintain muscular balance and bone stability to the big toe so it won't have a tendency to drift.

If the bunion is far

advanced, surgical correction to remove the bump as well as realign the soft tissue and bones may be necessary. If detected early often times only the "bump" needs to be removed. I do not consider accommodative padding around a bunion a reasonable alternative to surgery if surgery is indicated.

Post operative factors can vary, but most often the patient leaves surgery wearing a

special wooden shoe that allows immediate ambulation. The temporary inconvenience of surgery will greatly outweigh the years of chronic, progressing discomfort.

New understanding provides new strategies

Why do smokers smoke? That is the "big" question in today's society. Smokers obviously don't smoke in order to get heart disease, cancer or emphysema. They don't light up just to keep addictive cravings at bay, either.

Smokers smoke because it makes them feel alert, quiet their nerves, helps them control their appetites, or just because smoking feels good and not smoking doesn't.

Recent research attributes these effects predominantly to nicotine. Tobacco's prime active ingredient, nicotine, is a stimulant. Nicotine is also the second most popular drug in this country; alcohol is number one. The

studies help explain why about one quarter of all adult Americans still smoke. But, fortunately, they also help researchers formulate new, comprehensive quitting strategies.

The strategies attack the problem from every direction at once.

Among the numerous quitting strategies, nicotine-laced non-smoking products, such as chewing gum; a new throat spray which provides one of smoking's prime pleasures, a tingling sensation at the back of the throat; and exercise, which can provide the same rewards as nicotine, mental sharpening and a lowering of anxiety, without smoking's damage to lungs and heart.

CLC notes

The College of Lake County Division of Health, Physical Education, Intramurals and Athletics has added three new persons to its coaching roster.

Don Zeman of Antioch has been named the women's basketball coach for 1988-89. Zeman, former men's basketball coach at Antioch High School, is a graduate of Dartmouth College and played four years of basketball in the Ivy League.

Named volleyball coach is Diane VanderKoooy of Lake Forest. Past volleyball coach at Round Lake High School, she is assistant softball coach at Lake Forest College.

Jim Felty of Great Lakes has been named coordinator of the cross country team. Felty is a naval officer serving at Great Lakes Naval Base.

The Lancers have also named members of their golf team. Team members named after qualifying at Cross Park Golf Course in North Chicago were: Tom Sweetwood of McHenry, Mike Harscher of Mundelein, Jeff Ploch of Highland Park and Ryan O'Machel of Wildwood. They four received half-tuition awards. Other team members are: Mike Ryan of Grayslake, Todd Francesi and Bob Bertaux of Libertyville, Tim Knox of Vernon Hills, Andrew Flood of Grayslake and Mark Soderberg of Zion.

In upcoming golf meets, CLC is at the Waubesa Invitational Sept. 16 at Fox Bend golf course and battles Morton in a Skyway Conference dual match Sept. 19 at Timber Trail Golf course. The Lancers will host their own invitational Sept. 21 at Foss Park.

Wisconsin boats win

Two invading boats from Wisconsin captured honors in the All-Illinois Rowing Championship sailed at Long Beach.

Thirty-one skippers from six clubs and four states searched Long Lake's rocky shoreline of points and bays for luck with Jim Berman and Milt Meager of Lake Beulah, Wis. finding them to their liking for first and second place.

Though Wilson of neighboring Lake Michigan Yacht Club to third and Tim Reese of the host club was fourth. Rounding out the trophy positions were Lou Morgan II, Marin Brer, Lake Beulah and Art Larson, Geneva.

Sailors from Wisconsin, Iowa and Indiana challenged Illinois C boat boats in the event shortened to three races because of an uncooperative weatherman.

Cox chases leaders

Park City driver Tim Cox was in third place in the MRA Modifieds division following racing at Toft's Raceway's Wilmot Speedway in Wilmot, Wis. Sept. 3.

Cox had 853 points, three behind Dan Ostrowski Jr.'s 856 points in second place. Mike Frost led the division with 1,060 points.

Pleasant Prairie's Al Atkinson won 29th and 30th checkered flags of the season by taking top honors in the Helix Trailers & Small Engines of Wilmot six-lap feature challenge and lap season championship main event for Wilmot late models.

Eluding tacklers

Antioch runner Jim Keim strives for extra yards as he tries to elude two would be Libertyville tacklers. Scott Gooch is ready to throw a block if needed. Libertyville shutout Antioch 7-0 in North Suburban Conference battle.

Sequoits will try and get back on track when they host North Chicago in NSC tilt Sept. 17. Game time is 2 p.m. Both teams come into contest with 1-1 record. - Photo by Steve Young.

Corsairs facing stiff challenge from Marist in ESCC league opener

By STEVE PETERSON
Sports Editor

OK, Carmel, you've had some fun in the first two weeks of the 1988 football season.

In week one, you had the scouts busily writing notes while running backs Steve Brock and Matt Simmons both rushed for more than 100 yards and Brock scored two touchdowns in a 21-6 win at Waukegan East.

Then Friday, the Corsairs pulled off the first miracle finish of this fresh football campaign. Trailing 28-16 with less than 10 minutes left, the Corsairs stop one of the best quarterbacks in northern Illinois by recovering turnovers and Simmons, held in check for the first half, romps for more than 110 yards in a wild 29-28 win over Woodstock.

But the East Suburban Catholic Conference season is now staring the Corsairs in the face. Just how good is the Carmel contingent? Carmel fans will begin to find out Sept. 16. Marist comes to Mundelein for an 8 p.m. game - the same team which finished at 7-3 overall and a place ahead of Carmel in last year's league race.

"I can't say enough about our kids coming back. We're talking about playing against a Hall of Fame coach (Woodstock's Bob Bradshaw). The schedule maker was not kind to us. We have Marist then we're at Joliet Catholic," Carmel Coach Mike Fitzgibbons said after he enjoyed a shoulder ride and Carmel fans stormed onto McCullough field in celebration.

Simmons was held to a mere 30 yards in the first half on seven carries, but ran for 80 more in the second half, including a four-yard touchdown run with 5:26 to go that brought Carmel to within striking distance, cutting Woodstock's margin to 28-23.

"The offensive line just cranked up. He (Fitzgibbons) said we had worked for it too hard to give it up," Simmons, a Zion resident, said.

While the offense struggled until the

fourth quarter, the defense turned in a bend-but-not break showing. Two critical big plays set up Carmel's fourth quarter scores.

First, Blue Streak quarterback Joel Bosman, who had thrown for three touchdown passes against Carmel, fumbled the ball following a penalty. Todd Daczek recovered for the Corsairs, leading to Simmons' run.

Carmel faithful still wondered whether or not their heroes could pull it out, but they did not have to wait long for an answer. Woodstock's Ben Flores touched the kickoff and Carmel's Randy Splitt recovered it at the Woodstock 11. A key run for two yards by Brock set up his winning TD from one yard out.

Still, the try for two points was missed and the visitors still had plenty of time left to score the game-winning field goal, 2:43. But after a gain of 13 yards, Carmel's effective pass rush put enough pressure on Bosman to force

two incomplete passes. When Randy Bierman sacked Bosman for a seven-yard loss on third down, it was time to begin the celebration.

Carmel answered with a 14-yard touchdown run set up by a Ricky Splitt interception in the second quarter but Woodstock took a 14-7 halftime lead when Bosman found Flores open again for a score.

But then, starting with a key third down run by Brock, the Corsairs began to come to live.

Afterward, Carmel's coaching staff celebrated by breaking out cigars - the memory of a 26-7 loss at Woodstock last year erased.

"We're playoff bound," Simmons exclaimed.

And after the business of Marist and Joliet Catholic is over and Carmel's

coaches may smoke the cigars again, perhaps Simmons will be right.

Grant staff hopes seniors show leadership

As far as Grant football Coach Mike Rogowski is concerned, now is the best time for his team's 28 seniors to show some leadership.

And what better way to do that than against Marengo before the home folks at Paul Lewis Field Sept. 16 when the Bulldogs host the Indians in the Northwest Suburban Conference opener for both teams.

"Now is the time for the seniors to show some leadership. The first two games were exhibition - now everyone knows where they are going to play," Rogowski said.

Although the Bulldogs are coming off a dismal 34-0 loss at McHenry, they still enjoy a better non-conference record than Marengo, 0-2 after losing to Genoa-Kingston 18-6.

The Bulldogs knew it would not be their night early against the Warriors. Scott Szamlewski returned a punt 73 yards for a touchdown to give the hosts a 6-0 lead three minutes into the first quarter. For the visitors at McCracken Field, it was all downhill from there.

While the offense enjoyed a stellar night led by quarterback Mark Van

Liere's five-of-12 passing for 93 yards and the Johnson trio of junior Tommy (98 yards); Brian (32 yards), the McHenry defense, boosted by the early lead, sat back and waited for Grant quarterback Joe Wach to throw the ball.

"We never had any kind of field position. They kept us off balance," Rogowski said.

Grant runner David Essler

was the Bulldogs' top ground gainer with 50 yards in 12 carries.

While there were few bright spots on offense, Rogowski can point to several good things on defense.

"Although the score was lopsided, we held them scoreless within our 10 three times," he said.

He also noted a play by Troy Petersen. The senior

stripped the ball away from a McHenry runner in the third quarter and then romped 20 yards on the return.

Despite trailing 21-0 at halftime and 28-0 at the start of the third quarter, Grant's fans stayed with the Bulldogs.

The Bulldogs are hoping to give them something to cheer about Sept. 16 in Fox Lake.

Sequoits even NSC record

Antioch's girls tennis team evened its North Suburban Conference record at 1-1 with a 3-2 win over Niles North Sept. 8.

In singles, Niles North's Renee Sayigh beat Karen Adams 6-2, 6-1. At second singles, the Vikings' Stacey Malor beat Carrie Kacen 6-4, 6-4.

In doubles, Linda Berkiet and Kristie Pomrening beat Vmai Schah and Michelle Egufu 6-0, 6-2.

At second doubles, Antioch's Jodi Kempa and Heather Nelson beat Chandra Patel and Deb Rosmfel 6-1, 6-0.

The third doubles decided the match as Antioch's

Melinda Brewer and Kelly Doyle beat Marla Cifumtis and So Chung 6-1, 6-1.

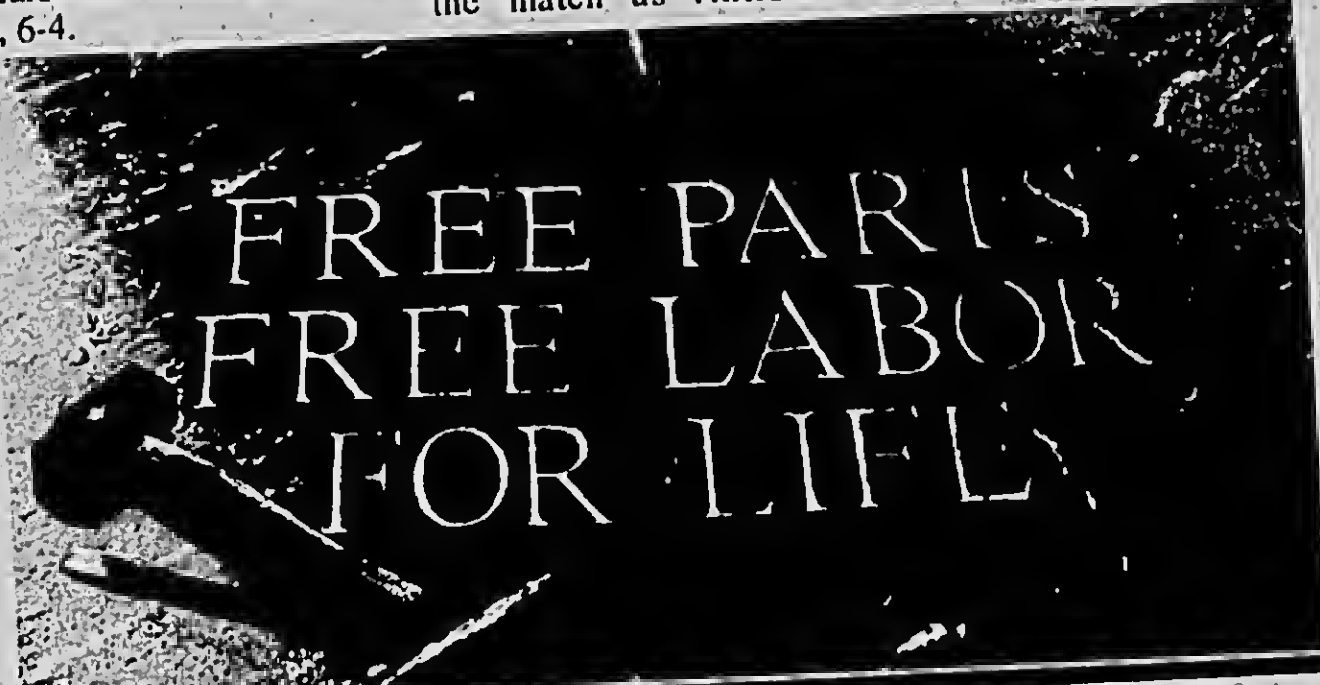

Kempa and Nelson formally played singles before being teamed up this season.

She pointed to Libertyville and Lake Forest as favorites in the still young NSC race.

Striving for yardage

Antioch running back Kirk Honsen tries to elude Niles North tacklers in season-opening game. Antioch beat Vikings 17-6 to make successful debut for new Coach Del Pechouer.

Ford maintains that the best car repair guarantee in America is one that money can't buy.

Peace of mind is your Ford and Lincoln-Mercury dealers' Lifetime Service Guarantee. Once you pay for a covered repair, it's guaranteed with free parts and free labor for life.

This guarantee is solid as a rock.

If your participating dealer repairs your Ford, Lincoln or Mercury, he guarantees that if the covered repair ever has to be fixed again, he'll fix it free, for as long as you own your vehicle.

It doesn't matter where you bought your car or light truck, or whether it's new or used. And LSG covers thousands of repairs. Only Ford Motor Company dealers have it. Only Ford, Lincoln and Mercury owners can get it.

Nobody guarantees car repairs longer. Nobody guarantees car repairs better.

And this limited warranty is backed by certified technicians and quality Ford Parts.

Ask your participating dealer for a written copy of the Lifetime Service Guarantee.

Grant spikers learn, aim for more NWSC wins

With only one regular returning from last year's squad, Grant volleyball Coach Sue Richardson knew that this would be a learning year.

And the Crystal Lake Central invitational proved to be just that - a learning experience for the Bulldogs against some of the better volleyball teams in McHenry and Lake County.

The Bulldogs, coming off their first win of the season against Wauconda the match before, had some momentum going into the tournament.

"What we lack is consistency. We play a strong first game, but not

the second or third game," Richardson said.

Such was the case at CLC. The Bulldogs took Cary-Grove and Lake Zurich to three sets before losing both matches.

Against Cary, the Bulldogs won the first set 15-10 but then the Trojans rallied to dominate the next two, 15-2, 15-3.

Against the Bears, Grant won the first game handily 15-3 but lost the next two 15-5 and 15-10. In the third battle, Grant let a 7-2 lead slip away.

Karen Lorenz, a senior hitter, is the only returning regular this fall.

Other seniors on the team

are Jesse Roodl, Sally Stewart, Wendy Tally, Lisa Mieszanek, Jamie Donovan and Kathy Shuler.

The Bulldogs, while suffering through a 1-8 start, still have high hopes for the Northwest Suburban Conference season, where they were 1-1 after two matches. Grant hosts Lake Zurich Sept. 20 and Round Lake Sept. 22 in two league matches.

Johnsburg fared better then the Bulldogs at CLC as the Skyhawks defeated Grant in two close battles, 16-14, 15-11.

The Skyhawks are at Round Lake Sept. 20 in a key NWSC tilt.

Panthers celebrate

Round Lake Panthers celebrate after winning game at Jacobs invitational tournament. Panthers' volleyball team has started 1988 season on strong note, as Coach Brian Brown's club is 6-1-1. Round Lake faces major Northwest Suburban Conference test against defending champion Marian Central on Sept. 22.

Plans set for run in Woodstock

Lake County runners looking for an end-of-summer event may wish to travel to Woodstock for the Woodstock Showcase Road Run on Sept. 18.

The race will be a 10 K road run beginning at noon during the final day of Woodstock Showcase, an exhibition celebrating the food, products and services of Woodstock.

Competitors will be divided into age groups including: seven and

under, eight and nine, 10 and 11, 12 to 15, 16 to 24, 25 to 39, 30 to 39, 40 to 49, 50 to 59 and over 60 years of age. Those seven to 11 are eligible for fun run.

Entry fees are \$7 if completed by Sept. 8 and \$9 through race day. An additional \$1 is charged for running in two events. Race day registration will take place from 7 to 8:15 a.m. in the Recreation Building at Ericson Park.

Lakeland SPORTS

Blue Devils hope linemen can dominate 'Cats

Warren football head Coach Reggie Hughes and the rest of his coaching staff were looking for improved line play going into the second game of the year at Niles North.

And the linemen responded to their coaches' encouragement, leading the way as the Blue Devils pounded the Vikings 24-0.

Hughes and Co. knows that the linemen will have to come up with another strong performance against

Libertyville at Warren Sept. 16.

"We will have to stop their option offense but their big asset is their defense. It is a very strong and big Libertyville team," Hughes said.

Both teams are coming into the 7:30 p.m. North Suburban Conference game with 1-1 records after last week's wins made up for opening season losses.

"The offensive line really

came off the ball. We were able to run the ball a lot better," Hughes said in comparing the season's first two games.

Senior Ken Woodard scored two touchdowns on runs of three and eight yards as he romped to 95 yards in 17 carries. Sean Smith led the Blue Devils with 148 yards in 25 attempts.

Warren started the scoring with a three-yard run by Woodard with 7:01 left in the second quarter. The extra point try by Darrin Leith, one of three for the day, gave Warren a 7-0 lead. Woodard tallied again some four minutes later, this time from eight yards out. The extra point made it 14-0.

Paul

Kucharski found receiver J.C. Wills open from 28 yards out for more breathing room with 5:45 left in the third quarter.

Leith, a senior, capped off the scoring with a 28-yard field goal in the fourth quarter.

The defense turned in a solid job.

Niles North no longer has

quarterback Eric Slowik to terrorize the secondaries with passes and Warren's defense to advantage of that.

"They did not get inside our 40. It was an excellent job by the defense," Hughes said.

Bob Brock picked off a Niles North pass and the Blue Devils recovered three fumbles.

Panthers face improved 'Dogs

Time was when a team played Wauconda in a Northwest Suburban Conference game, there may have been a few snickers. Looking at a 13-man opponent can build overconfidence.

But overconfidence should not be a problem for the Round Lake Panthers as they host the Bulldogs in the NWSC opener for both teams Sept. 16. Game time is 7:30 p.m.

Wauconda is coming off a 17-0 win at Jacobs that left Round Lake Coach Mike Dunn convinced that the Panthers will have their hands full.

"They're as good a club as I've seen since I've been here at Round Lake," Dunn said of Wauconda.

"I don't think anyone will catch Marian Central, but Wauconda has just as much a right as the rest of us," he added.

The home team's defense will be tested by Bulldog signal caller Dino Nicmo.

"They use a lot of trick plays. They're very difficult to defense," Dunn said.

Both teams are coming into the NWSC debut with 1-1 records in non-conference games.

The Panthers lost to Dundee-Crown 21-14 despite a gallant second half effort. Round Lake allowed the

Chargers all of their 21 points in the first half and fell behind 21-7 by halftime. But the defense then put up a brick wall and shut down D.C.

"We got better as the game went on. We did a lot of things well," Dunn said.

The thorn in Round Lake's side, though, was Dundee-Crown running back Donn Mendoza. Mendoza broke free for two long first-half yards en route to a 137 yard performance.

Aaron Mecke, who led the Round Lake ground attack and scored his team's first touchdown on a four-yard run in the first quarter, returned a kickoff some 62 yards after Mendoza's first score.

Round Lake's kicker Bill Thomas recovered a fumble on the opening kickoff of the second half and returned it all the way for a score to trim the lead to 21-14.

"We always preach to the kids to make things happen and there is an example of two kids who made something happen," Dunn said, crediting the fumble cause to Keith Krause.

Kickoff returner Steve Johnson returned 32 kickoffs for Hersey High School to set the state record in 1986-87.

Hawaiian legends

by JIM WARNKEN, PRESIDENT NORTH STAR TRAVEL, INC.

When you visit Hawaii, you will discover that in addition to pineapples, sugar cane and orchids, another popular "product" of these islands is authentic Polynesian legends created just for we tourists. Here is a tongue-in-cheek look at some of my favorites.

Poi is a popular food in Hawaii. It has the texture (and taste) of wallpaper paste. Here is how one legend accounts for its inclusion in the Hawaiian diet.

When Captain James Cook discovered the Hawaiian Islands in 1778, he and his crew had spent months at sea. They had run out of provisions and were near starvation. Upon coming ashore, they found a native village where the Hawaiians were mixing a large bowl of glue for sticking palm thatching to their roofs. The starving sailors mistook the glue for food, thrust their fingers into the stuff and began spooning it up shouting, "Oh Poy, Oh Poy!" to show their appreciation.

The Hawaiians were as courteous then to visitors as they are now and did not correct their honored guests. Instead, to avoid embarrassment they also began eating thatching paste, which they renamed "poi". To this day, Hawaiians still eat poi.

Another legend has to do with the traditional Hawaiian dress called the "sarong".

An Italian sea captain landed in Hawaii with a half-dozen of his crew. They had a large bolt of red cloth they wanted to trade for sugar cane. They were met by a Hawaiian chieftain and his very portly native queen. The queen decided she must have the cloth. She ducked into her hut and soon emerged with the entire bolt of cloth wrapped around her. The leftover end was draped carelessly down one side.

One of the crew members, who had been a tailor back in Italy, cried in disgust, "That's-a-wrong, that's-a-wrong!" The style and the name are still popular today.

One more? O.K. A gentleman from Texas once told me the Island of Oahu where Honolulu is located was actually named by Sam Houston. "Seems that the first thing old Sam said when he saw them dancin' girls on the beach wuz 'wahoo!' and that's whut the island hez bin called ever since."

Skyhawks, Rams both aim for elusive first win

Two teams coming off winless non-conference seasons will be trying to get the Northwest Suburban Conference portion of the 1988 football season off on the right foot when Grayslake travels to Johnsburg Sept. 17.

The Rams are coming into the game off a 37-9 loss to Weber. The visitors shocked the bigger Chicago school for one half Saturday, obtaining a 9-3 lead at one point. But a Weber score gave the home team a 10-9 halftime lead at Hanson Stadium in Chicago. Then Weber returned the second-half kickoff all the way for a touchdown and it was downhill for Grayslake from there.

"They just wore us down. They kept substituting players," Grayslake Coach Harold Jahnke said.

The Grayslake mentor said he thought the Rams handled the new surroundings of the astro-turf field well. But problems meant the Rams did not have time to warm-up on the field.

Grayslake's touchdown came on a 24-yard score from quarterback Tim West to Mark Pasek in the second quarter. A few minutes later, a field goal

by Alex Gonzalez from 35 yards out gave GL a 9-3 lead.

Defensively, Jahnke praised the play of John Bouma, who had 14 tackles.

As for the Skyhawks, Coach Hap Farlow may be wondering why he took the reigns as his team has been outscored 72-6 in the first two weeks. Cary-Grove whipped Johnsburg 48-0 to follow a 34-6 loss against arch-rival McHenry.

"They changed their offense a little from last year and they run from an off-balanced line. Stopping their running game will be a top priority.

Johnsburg is led by senior quarterback Bill Gahlbeck and Jim Rorig is the leading threat at running back.

Rockets title defense

Richmond-Burton football head Coach J. Randy Hofman will find out just how good this year's Rockets are when they travel to Hampshire Sept. 17.

The Rockets, 2-0, are coming off a 40-0 romp over St. Mary's of Burlington, Wis. Hofman believes the Whip-Purs will provide a good test.

Elvera L. Romani

nee Mastny, age 71, of Round Lake Beach, Illinois, passed away September 7, 1988, at her home.

She is survived by one daughter, Beverly O. Jackson; two sons, Richard (Nancy) and Ronald (Dee) Romani; one brother, John (Helen) Mastny; one sister, Sylvia Murphy; four grandsons and four great-grandchildren. She was preceded in death by her husband, Peter J. Romani, and two brothers, Carl and Raymond Mastny.

Funeral services were held Saturday, September 10, 1988, from the K.K. HAMSHER FUNERAL HOME, 12 N. Pistakee Lake Road, Fox Lake, Illinois (in the Chapel on the Lake), with Mass at St. Joseph Church in Round Lake. Entombment was in Ascension Cemetery, Libertyville, Illinois.

Dr. Raphael Martin Adelman

age 73, family physician to many in Wauconda, left this life on August 31, 1988, at St. Therese Hospital in Waukegan, a place where he had given of his life for the betterment of his fellows.

He is survived by a daughter, Karen Rae (David) Perry of Wilmette, Illinois; one son, Robert John Adelman; and two grandchildren, Benjamin Samuel and Carinne Leah Perry. He was preceded in death by his wife, Charlotte Mary (nee Kaepke).

A Remembrance service will be held Thursday, September 22, 1988, at 7:30 p.m. in the Mather Leonard Hall of St. Therese Hospital, 2615 W. Washington Street, Waukegan, Illinois. In lieu of flowers, donations may be made to the St. Therese Medical Education Fund. Arrangements were entrusted to WAUCONDA FUNERAL HOME, Wauconda, Illinois.

ALLSTAFF offers its employees an excellent salary, health and life insurance, bonus incentive plans and free computer training.

Working for a temporary service is wonderful because of the flexibility it affords. You work only when you want to, where you want to, and if you want to. If you want to work only Tuesdays and Thursdays, that's fine. If you only want to work within 20 minutes of your house, that's fine. If you don't want to work while your kids are on vacation for spring break, that's fine, too. If you want to work full time, that's great! You set up your own guidelines, and you can change those guidelines any time you want to.

Come In and talk to us. Call for an appointment TODAY!

All Jobs, All Services, AllStaff

Dear Mom,
Now that I'm in the 3rd grade
what are you going to do
with all your free time?
Nick's mom goes to work every
fall. She's a Manpower office
temporary. She told Nick
it is fun. Pulling and pays
real good. And then she told
Nick after all summer with him
going back to work was a
real joy. I know what she
means.
Love,
Patrick
Xoxo

We need—and value—smart
grownups like Nick's mom. Call today to
find out more about the benefits of work-
ing as a Manpower temporary.

LAKEFRONT PUBLISHERS
(815)288-8161

THAT'S WHY IT'S CALLED CLASSIFIED ADVERTISING...
Every week, we have a special spot in our newspaper that's exactly right for that item you want to sell. If you tell us to run an ad for a car you no longer need, we place it in our CARS FOR SALE classification (No.80). Want to buy or sell a horse? Your ad goes in classification No. 42.
Why do we do it this way? Because it's easier for our readers (your customers) to find your ad. No long search, no missing your sailboat ad because it's mixed in with rummage sales.
The next time you want to turn a no-longer needed item into cash, give this paper a try. You'll be in the right place.

How to get better results from your Classified ads!

- 1.** First, organize your thoughts. Decide which classified reader you want to attract. Consider all the advantages of the item you are selling, and how to present those to your reader.
- 2.** Your ad should be easily understood. Avoid slang words and obscure abbreviations.
- 3.** Make sure that each sentence of your ad contains only one important idea or thought. Keep sentences short and concise.
- 4.** Clear and simple language is always best. Your ad should read quickly, without a lot of wasted words.
- 5.** Keep in mind who your prospective buyer is by putting yourself in their place. What is most appealing about your item? Consider what would interest you the most if you were looking through the Classified section?
- 6.** Place your ad in Lakeland Newspaper's Result Getting Classified Section. One call does it all! Your ad will appear in all 13 Lakeland Newspapers at one low price...No ADD-ONS, NO EXTRA CHARGES! Over 200,000 readers are waiting to buy!

Football takes everyone off streets of Antioch

by CAROLYN HAMMOND
(312)395-6081

It was eerie—the middle of a Sunday afternoon

some exciting moments to cheer about.

In the Featherweight in-house league, the Eagles clawed the Bears

safety.

The Seahawk-Raider game ended in a 0 to 0 tie with neither team giving the other the edge.

In the traveling league, the Antioch Lightweight Junior team was home to visiting McHenry in a see-saw match. At the end of regulation play, the score was 12 to 12. Two overtime periods later, McHenry finally triumphed to make the final score 18 to 12.

"It was an exciting game, both the offense and the defense played well," Viking coach Bob Malson. "It was gratifying that the kids went that far. They showed some real intestinal fortitude. They had come back twice."

Outstanding players

for the Viking Juniors were defensive back Mike Stevenson who ran back 35 yards to score on an interception and quarterback Jim Lubkeman who scored on a 25-yard sweep.

In the Senior Heavyweight game, a young and inexperienced Viking team ran headlong into a good McHenry team, but Antioch had its good moments with outstanding offense and defense play by linesman Dave Remter and offensive play by running back Gary Oilschlager. The score was McHenry 24, Antioch 0.

Next Sunday, Sept. 18, the juniors and seniors travel to Mundelein while the featherweights remain home at ACHS. Game times are Raiders versus Bears at 1 p.m.

and Eagles versus Seahawks, 2:15 p.m.

What do you suppose football coaches from pros on down do on Sunday nights? Rest and relax? Maybe, but not the Antioch Vikings. Come Sunday evenings, thanks to the miracle of camcorders, you can find many of them viewing game films and planning strategy for the next game just like the pros. No wonder they consistently field good team; it gets in their blood.

Reminder! It will be Back to School Night for the parents of all Antioch Upper Grade School students at 7:30 p.m., Thursday, Sept. 22. The evening is designed to acquaint parents with the school, its programs, buildings, and staff.

Please report to your child's homeroom for instructions and schedules. Refreshments will be served.

Moms of Preschoolers! Do you need a break? The Antioch Evangelical Free Church has just the program for you from 9 to 11:30 a.m. every second Thursday of the month. Cost for MOPS is \$2 for mom and \$1 for each child. For more information call (312)395-0508.

Don't forget! If you feel your child age three to five has any educational needs or difficulties, you can arrange for a screening at the Center for Early Education and Development, Dist. 34's new early childhood program by calling (312)395-5191.

News & Notes

and Main St. in Antioch looked deserted. What happened? It might of been one of three things: the 82 degree heat, the Chicago Bear/Indianapolis Colt football game on tv, or Antioch Viking Football opening day. Actually, it probably was all three...

There was quite a nice crowd on hand to cheer on the Antioch Vikings, the pint-size versions of our fall/winter heroes, and they gave the crowd

12 to 8 with each team dominating half the game. Scoring for the Eagles during the first half was quarterback Jim Dawe on an eight-yard key play and fullback Jay Sanders on a 60-yard sweep.

During the second half, the Bears defense came alive and shut down the Eagle offense. Bears tailback Channin Plucienek scored six points on a pass play, and the defense scored a

ACHS runners start season

The Antioch cross-country team started its season off on the right foot. The varsity girls and boys, both defeated Woodstock in a dual meet, put each team at 1 and 0 for the season.

The girls ran to a 20 to 41 victory. Leading the Lady Sequoits was senior Liz Waters in second place with a 13:55 time for the 2.1 mile course. Following close behind was junior Michelle Hansen in third at 14:02.

The Sequoits also took the next three places with sophomore Jenny Wise in fourth, freshman Sunshine Garber in fifth and junior Julie Brandt in sixth. Rounding out the runners were Barb Wunn in eighth, Cathy Bock ninth, Debbie Oilschlager in 10th and Evi Koran in 14th.

In the varsity boys race the running Sequoits won by a score of 21 to 36. Dan Crooker, senior, finished second at 17:40 for three miles. The team took the next three places with sophomore Shane Werner in third at 18:24, Dave Weston in fourth at 18:43, Matt Davison in fifth at 18:56.

Antioch's fifth runner was Chris Beattie in seventh with a time of 19:30. Other Sequoit finishers were in 10th, Ken Mattson, in 11th, George Valech,

12th, Harold Kabel, 13th, Mike Styskal, 15th, Chad Kellogg, and in 16th, Mike Schultz.

On Saturday the good running continued at the Cary Grove Invitational. Both the Lady Sequoits and varsity boys finished in fourth place out of 12 teams.

For the boys, Dan Crooker ran a good race and finished in fourth place with a time of 16:30 for three miles. Junior Dave Weston and Matt Davison placed 18th and 24th respectively at times of 17:56 and 18:07.

Juniors Chris Beattie and Ken Mattson finished the scoring by placing 31st and 51st. In the team standing West Chicago won at 28 points, followed by Streamwood at 81, Crystal Lake South at 111, and Antioch at 128.

The girl's fourth place finish followed Buffalo Grove in first with 36 points, Rolling Meadows with 69, Crystal Lake South 112, and Antioch 133.

Liz Waters led the Sequoits with a fifth place finish and Michelle Hansen and a sixth place finish. Liz ran a 14:59 for 2.25 miles and Michelle had 15:16.

Juniors Barb Wunn and Julie Brandt finished the scoring for Antioch with their 32nd and 34th place finish.

Sequoits hope passing improves against 'Hawks

Going into the Libertyville game last week, Antioch football Coach Del Pechauer was hoping his charges could generate some more yardage out of the running game to go along with an already good defense.

Although the Sequoits lost to Libertyville 7-0, the running game was an improved one. Now, the Antioch coaching staff is hoping the passing game can similarly better itself before the Sept. 17 contest against North Chicago. The North Suburban Conference game is set to begin at 2 p.m.

"Our defense is OK. We still have to improve on offense," Pechauer said of his 1-1 team.

In the Libertyville contest, the Sequoits were playing against a flawless Wildcat team.

"They just didn't make mistakes," Pechauer said of Libertyville.

After the two teams played a scoreless first half, Libertyville continued to threaten in the third quarter. Finally, with one minute

left, Tucker Waugh scored the game's lone touchdown.

"We played the third quarter mostly at our end of the field. We did not expect them to have that good on a punter," Pechauer said.

Antioch quarterback Jon Debernardis was three-for-13 passing for 53 yards. Kirk Hansen had nine carries and 38 yards.

North Chicago is coming off a 42-6 thumping at the hands of league-leading Zion-Benton. Both teams came into the contest at 1-0, but the game was over after the ZeeBees stung early for 28 first-quarter points.

Pechauer said the

Contact Simon

To contact U.S. Sen. Paul Simon, write him at 230 S. Dearborn St., Room 3892, Chicago, Ill. 60604 or call his office at (312) 353-4952

Contact Churchill

To contact 62nd District state Rep. Robert Churchill, write him at 976 Hillside St., Antioch 60002 or by telephone at (312) 395-7000.

Warhawks will be quicker than his team and he expects North Chicago to run the ball.

Com Ed preparing to pay in lawsuit

Some 200 residents of Lake Villa Twp. and Lindenhurst affected by mid-June power surge are in line to be reimbursed for repairs or replacement of damaged electrical appliances. Voltage throughout the area jumped from the normal 110 and 120 volts to 145 volts for up to 45 minutes June 15 when a switch malfunctioned at a Lake Villa substation.

Commonwealth Edison Co. initially said it was not responsible for deterioration of a mechanical part beyond its control. When residents of Venetian Village and West Millmore called Chicago television stations and they showed up in the neighborhood, the company said it would reimburse residents for lost or damaged appliances. The following week the utility changed its mind again.

Residents then organized as Citizens Organized to Hold Commonwealth Edison

Responsible. Paul Combs of Venetian Village was named chairman. The Waukegan law firm of Snyder, Clark, Dalziel & Johnson offered to represent the homeowners in a class action lawsuit. Legal action was filed in July. Late last month the company agreed to settle approximately 200 substantiated claims.

"We're still waiting for final word, but it looks like 100 cents on the dollar," Combs said of the settlement. The letter of agreement to be sent homeowners was being drafted last week.

"Before anyone gets too excited or starts patting themselves on the back we want to have the letter in hand," Combs said. As a clearing agent for the claims, Combs has letters with receipts from about 200 homeowners in Lake Villa, Lindenhurst, Venetian Village and West Millmore. Among these is Action Liquors

in Linden Plaza, which lost some equipment. The utility is in the process of settling with Eagle foods in the shopping center for loss of freezers, some real estate agencies for loss of computers and telephones. The village of Lindenhurst lost the power supply for its computer system.

"There are still some people out there unable to afford repairs," Combs said.

"Those people are also eligible. All they have to do is substantiate their loss.

Most of the claims range from \$100 to \$200, however, some are as high as \$1,000. As part of the settlement the

utility will also pay the legal fees of the Waukegan attorney representing the local residents.

Announce share food signup

The Share Food program is designed to provide quality food for everyone. It is not a welfare or a charity program. It cost \$15 for 35 pounds of food and three hours of volunteer

work. Anywhere counts, if it is at school, the Moose or for the Share Program.

1988 Chain O'Lakes Business Review

By International Media Inc.

Wright Paving Co.

WRIGHT PAVING COMPANY, serving the McHenry-Fox Lake and Lake County areas, phone 497-3382, are contractors for all types of asphalt paving.

Featuring such special services as paving, seal coating, patching, repaving and striping, this reliable concern can offer the businessman a great deal. A surfaced parking lot, for instance, is a boon to the customer and increases the property value immensely. Trailer parks find that they can pay for the cost of a paving job in just a few years with the increase in revenue due to having paved driveways.

Homeowners, too, find that an asphalt driveway will up property value and make driving to the door a dust-free pleasure!

The writers of this 1988 Business Review urge anyone interested in finding out more about the advantages of asphalt paving to check with the WRIGHT PAVING COMPANY in the Lake County area.

Red Carpet-Area Concepts, Inc.

Round Lake Beach and Lindenhurst Locations
Pat Simoncelli-Owner

When you're looking around today's tough, critical real estate market for the best place to put your money, trust the realtors at RED CARPET-AREA CONCEPTS, INC., to help you find the home or property that YOU WANT!

With offices located at 311 W. Rollins Rd., Round Lake Beach, phone 546-7300, and 2106 Grand Ave. in Lindenhurst, phone 356-2100, this respected broker has more to offer in terms of listings and services. Whether you're looking for a building site, a new home, an older house, lakefront property, land development or vacation property, this is the one to see first.

In the Round Lake Beach area? Come see the quality homes RED CARPET-AREA CONCEPTS, INC., is building on one-acre sites. JUST LOOK...you'll be glad you did!

With some realistic prices and some diligent effort they can and will find just what you're looking for. They have access to property throughout the Lake County area and can assist you in every conceivable manner. When it comes time to sell your existing property, this reliable firm will get more for you. Trust them with ALL of your real estate matters!

As the writers of this 1988 Chain O' Lakes Business Review, we heartily suggest that you contact this well known firm for all of your transactions.

Nick's Auto Body

Nick Baldassano & Nick Baldassano-Owners

Many people have looked far and wide for someone who does good body work. The automobiles of today require a specialist to repair or replace body panels and to refinish them with the original paint.

The professionals to see are NICK'S AUTO BODY, located at 110 S. Milwaukee, Lake Villa, phone 356-8313.

The personnel at this firm understand body and fender work as well as auto painting. These men work the metal so as to require the least amount of lead or plastic before wet sanding until it is as smooth as glass before laying on the paint. They have gained a reputation second to none throughout this entire area. So whether your job is small or a rollover, we know that you will be entirely satisfied with their work.

And remember that most insurance companies allow you to choose the repair company you like best, and we suggest that you choose this one!

We, the editors of this 1988 Business Review advise you to see NICK'S AUTO BODY for the very best.

15 Percent Discount on all Work to New Customers With This Write-Up

Rolling Hills Manor

"Quality Care for Your Loved Ones"

Owned by Slovak-American, A Charitable Organization
Katherine Brown-Administrator
Call 746-8382

ROLLING HILLS MANOR, located at the corner of State Rte. 173 and Kenosha Rd., 3615 16th in Zion, phone 746-8382, is doing their part in the care of the chronically ill, the elderly, and the convalescent.

To assist you in selecting the right nursing home, they offer the people of this area this message:

"We Americans are not just living longer, we are living more useful and productive lives. But an increasing number of chronically ill, the old and the convalescent need some place other than the hospital and their home where they can receive personal health care, round-the-clock attention and the opportunity to continue to live their lives with true meaning."

As your community health care facility, we want to help you make the right decision for your loved ones. Here are some guidelines:

1. See your family physician to determine the type of facility you need.
2. Feel free to visit our facility.
3. Ask us for cost, in writing, and financial advice.
4. Check our fine food quality.
5. Verify safety features.
6. Finally, observe how our residents spend their time.

There is a lot more to selecting the right nursing home. We want to help. We suggest that if you have any questions PLEASE CALL or visit.

We, the editors of this 1988 Review once again recommend them, ROLLING HILLS MANOR, to all the readers.

Laverne's Catering

Let the personalized party catering service of LAVERNE'S CATERING at 25405 Rockford in Ingleside, phone 546-5700 or 587-9797, bring you the finest food and service available anywhere, with prices that will fit your budget.

This firm does everything, and for any occasion including cocktail parties, weddings, buffets, picnics, barbecues, banquets, garden parties and many other occasions.

The extra touch of special canapés, fancy desserts, special cakes and breads or extra help will be available through this establishment. Make your next party in your home, or elsewhere, a memorable experience for your guests and a delight for yourself by telephoning this firm! Free estimates are available.

No event is too large or too small for this experienced and exceptional company.

The place recommended by the authors of this 1988 Review for catering in this area is LAVERNE'S CATERING.

Ace TV & Antenna Service

Your Authorized ZENITH Television Dealer
Denny & Billie Horton-Owners

Quality television repair starts with a phone call to ACE TV & ANTENNA SERVICE at 320 North Ave. in Antioch, phone 395-0229. This is one of the best places for TV repair in the area, and they have the reputation to back it up. They are also your authorized dealer for fine Zenith Television sets in the Antioch area.

Specialists in all makes and models, this reliable firm can repair most any make of TV expertly, and their prices are very competitive. Whether your set requires a minor adjustment or a full scale overhaul, this is the place to go.

Regardless of what type of TV set you have, they can handle the problem quickly and at the least possible cost to you. This shop is also the best place to call when you need an expert antenna installation for better reception.

The editors of this 1988 Business Review recommend that you contact only ACE TV & ANTENNA SERVICE for new Zenith TVs, great service and the best in antennas.

Bauske Boat Basin

Norm Bauske-Owner

SERVICE! That's the main product at BAUSKE BOAT BASIN, where the customer has been king for almost 30 years.

Any time you stop into the friendly marina at 152 N. Rte. 12 in Fox Lake, or if you call 587-0190 you can look forward to some of the very finest full service on your boats by qualified mechanics anywhere. This is the one place where you will be treated right.

Norm and his three sons, Brock, Brent and Bryce, also offer rental slips for boat storage, rowboat and canoe rentals; used boats that have been quality checked are also available here at very reasonable prices. Stop in and help Bauske Boat Basin celebrate their 30th anniversary this coming December. You will find that the reason for their long list of satisfied customers comes from the friendly professional service they provide. Their goal is that you always leave with good feelings and be TOTALLY satisfied!

The authors of this 1988 Business Review are pleased to suggest this well known firm to all our readers!

County Republicans host campaign head

U.S. Rep. John Porter (R-Evanston) and Samuel Skinner of Lake Forest, chairman of the state's George Bush/Dan Quayle campaign drive, will speak at the annual membership meeting of the Lake County Republican Federation Sept. 24 at the Northern Chalet, 1706 N. Milwaukee Ave., Libertyville.

How the Republicans are working for a big GOP turnout Nov. 8 will be the topic. Porter represents the 10th Congressional Dist. Skinner is chairman of the RTA, a federation board member and a former U.S. district attorney.

Federation President Ned Fisher said guests will be welcome at the session, to start at 9:30 a.m. with coffee and rolls.

Also on the program will be the presentation of the Bob Milton Memorial Award to an outstanding Republican and the election of officers and board members.

Proposed for president is David Amory of Shields Twp., first vice president and a longtime top fundraiser for the Republicans. Other nominees are Barry MacLean, Libertyville, first vice president; Skinner, vice president; O. Ralph Edwards,

Libertyville, vice president; Harold Callahan, Waukegan, treasurer; and Charles Bartals, Fremont, assistant treasurer.

Nominated as new board members are Edwards, Patrick Anderson, Avon; Mrs. Paul H. Brown, Deerfield; Raymond Eiden, Libertyville; Truman Hudson, Zion; C. Randolph Lyon, Jr., Shields; Robert Murley, Shields; Gust Peptropoulos, Warren; Mrs. Richard Reed, West Deerfield; Albert Alvi, Elia; Christopher Starck, Libertyville; Ralph Swank, Jr., Libertyville; and Richard Welton, Warren.

Catholic Charities invites curious

Catholic Charities will hold an informational meeting for persons interested in learning about foster care on Wednesday, Sept. 21, from 1 to 3 p.m. at Catholic Charities, 114 N. Lincoln, Round Lake.

Catholic Charities, a non-profit United Way agency, serves children from all religious backgrounds and welcomes families of all religious

denominations. Foster parents are needed for children from infancy to 18 years of age and for all races and creeds. Foster parents provide temporary homes for children in need of care due to family problems.

Persons willing to provide this valuable service to children should call Catholic Charities, Dept. of Foster Care Service, at (312)249-3500.

Multiethnic support group forms

The Multiethnic Unity Effort of Lake County is having its first discussion meeting Saturday, Sept. 17, from 10 a.m. to noon at 105 Water St.,

Waukegan. The topic will be Acceptance.

The Multiethnic Unity Effort of Lake County is a support, discussion and social organization

composed of individuals involved interracially and/or multiethnically through friendships, dating, marriage and adoptions.

For more information, call (312)623-8598.

Ravenswood 'Y' celebrates B-day

The Camp Ravenswood YMCA celebrated the 130th birthday of the YMCA of Metropolitan Chicago this week.

Free classes and specials were offered all week.

Saturday from 1 to 4 p.m. will be family free swim.

Tune in to Channel 2 on Saturday at 5 p.m. for a special half-hour program on today's YMCA in action.

PROPOSAL

TO: Highway Commissioner, Grant Township

The undersigned agrees, if this bid is accepted, to furnish any or all of the materials upon which prices are quoted at the respective unit prices, subject to the following conditions:

1. The material shall be delivered to its destination to Grant Township during winter months.

2. The "Standard Specifications for Road and Bridge Construction" prepared by the Illinois Division of Highways and its revisions shall govern insofar as they may be applied and insofar as they do not conflict with the attached Special Provisions.

NOTICE

The Village of Lake Zurich is accepting proposals until Thursday, September 29, 1988, 11:30 A.M. local time, at the Village Hall, 70 East Main Street, Lake Zurich, Illinois, for the following work to be performed:

Remove existing submersible pump, motor, piping, electrical, valves, controls, chemical feed equipment, and all appurtenances form a 17 to 30 inch potable water deep well in the Ironton-Galesville strata.

Inspect oil facilities and recommend to the Village rehabilitation and/or routine maintenance of oil equipment. Deliver all equipment within the Village of Lake Zurich at a location to be determined.

Contractor shall also abandon the well in accordance with the Rules and Regulations of the Illinois Department of Mines and Minerals. Proper transition to electric and potable water service, and protection of existing structure and grounds shall be the responsibility of the contractor.

Site of the abandonment and removal of equipment is within a 20 mile radius of the Village of Lake Zurich. Access to the site is clear, existing well is within an existing building and the existing building has sufficient access to accommodate the movement of equipment and facilities from within the structure.

Contractor is expected to conduct all services in a workmanlike manner, and produce evidence of having satisfactorily performed these services of like installation.

The Mayor and Board of Trustees reserves the right to reject any and/or all proposals. The Village of Lake Zurich is an equal opportunity employer.
